

Anand M. Joshi, MD, a Child and Adolescent Psychiatrist with NHRMC Behavioral Health Hospital

Get to know Child and Adolescent Psychiatrist Dr. Anand M. Joshi, who serves patients in Wilmington, North Carolina.

New York City, May 15, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Joshi is a top child and adolescent psychiatrist who provides inpatient counseling and treatment services to patients in crisis at New Hanover Regional Medical Center (NHRMC) Behavioral Health Hospital in Wilmington, North Carolina.

NHRMC Behavioral Health Hospital is a psychiatric crisis stabilization hospital offering inpatient psychiatric programs for adults with mental health disorders, older adults, and those with co-occurring substance abuse disorders located on the main campus at 17th Street. The hospital is staffed by a team of behavioral health professionals, including board-certified psychiatrists, physician assistants, psychiatric nurse practitioners, psychiatric technicians, substance abuse counselors, screening counselors, clinical licensed social workers, and psychologists.

After earning his medical degree from the St. Matthew's University School of Medicine in Grand Cayman, Cayman Islands in the Caribbean, Dr. Joshi relocated to the United States to further his training. His residency in psychiatry and fellowship in child and adolescent psychiatry were completed simultaneously at the University of South Dakota Sanford School of Medicine.

A member of the American Psychiatric Society and the American Academy of Child & Adolescent Psychiatry, the doctor has most recently been caring for patients at inpatient psychiatric hospitals in Minnesota and Iowa, as well as providing outpatient neurology, urgent mental health, and telehealth services for both pediatric and adult patients, including veterans.

Child and adolescent psychiatry, also known as pediatric psychiatry, is a branch of psychiatry that focuses on the diagnosis, treatment, and prevention of mental disorders in children, adolescents, and their families. A child and adolescent psychiatrist is a physician who specializes in the diagnosis and treatment of disorders of thinking, feeling, as well as behavior affecting children, adolescents, and their families.
