

Craig A. Light, DDS, a Dentist in private practice

Get to know Dentist Dr. Craig A. Light, who serves patients in Anderson, Indiana.

New York City, May 18, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Light is a skilled and trusted dentist offering general and cosmetic dentistry, teeth whitening, implants, veneers & other dental care at his private dental practice in Anderson, Indiana. Whether patients visit him for a routine examination and cleaning, or for a more complex dentistry session, including such treatments as Lumineers or implants, they can rest assured that they will receive the most thorough care available from him and his friendly and knowledgeable team.

“I am proud to serve patients in our community. Through continuing education and state-of-the-art equipment & techniques, such as the Cerinate Lumineer System, we are able to offer you and your family the high level of dental care you’re looking for. My staff and I will give you a warm welcome and our ongoing commitment to your dental health! Your comfort is our first concern! Now a movie star smile is as close as your mirror. Starting with healthy teeth and gums, we can perfect your smile through porcelain restorations, CERINATE LUMINEERS, SAPPHIRE WHITENING, and other state-of-the-art treatments. We can help brighten teeth discolored by age, smoking, cigarettes, even medications. It’s one of the easiest and best things you can do for your smile!” as stated by Dr. Light.

In practice since 1983, he has an A+ rating with The Better Business Bureau. Dubbed the “Rock n Roll Dentist”, he not only enjoys making patients’ smiles fantastic but recognizes their accomplishments as well. Patients have excellent things to say about him, one stating “Dr light is awesome, funny, and very thorough at what he does! Been coming to him for years now and they always make me feel at home!”

Passionate about his profession, he remains a member of the Indiana Dental Association, which is a non-profit organization that has been supporting Indiana dentists and promoting oral health in Indiana since 1858.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.
