Users can turn to it to convert videos, audios, and photos up to 180 formats to Blu-ray/DVD contents with ease. This promotion started from May, 10th to June, 10th 2020.

[Leawo Blu-ray Creator](#) is easy to use yet the best Blu-ray/DVD maker to help people burn videos to DVD. At least, two reasons make it become an ideal choice. First, it supports more than 180 formats. Videos in formats like AVI, MKV, MP4, WMV, Xvid, MOV, and FLV can be burnt to DVD-9/DVD-5/BD50/BD25 discs. That means people could freely burn TV episodes in almost any video file formats like [MP4 to DVD](#), AVI to DVD, WMV to DVD, MKV to DVD, etc. Second, for the DIY enthusiasts, this is the perfect DVD creator to convert video to DVD/Blu-ray as it gives users the power to design a disc menu and the items on the disc menu. That means that people can burn video to DVD/Blu-ray with an easy navigation menu. On the menu, people can directly go to the desired episode by pressing a specific number on remote.

With Leawo Blu-ray Creator, users can create disc menus on the Blu-ray or DVD discs. Leawo Blu-ray Creator offers multiple preset disc menu options, and even enables users to design disc menu at will. Leawo offers 40+ preset disc menu templates. Besides, the internal menu designer enables users to change the title position, content and effect such as text color, size, and font. Users could customize personal disc menu templates and save for future use.

Leawo Blu-ray Creator also comes with various editing features. Users can trim videos by deciding the exact time at which the video will begin and end, add watermark including image watermark and text watermark, crop videos by choosing one fraction of the movie screen and remove other parts, adjust video effect including brightness, saturation, contrast and volume of the video, turn 2D video into 3D in 3D section by enabling 3D function, remove noise and create chapters.

Apart from the main features, Leawo Blu-ray Creator also comes with multiple bonus features to improve user experience. During playing loaded video, this Blu-ray DVD burner could take screenshots. This burning program also enables users to save the chapters from MP4, MKV and Blu-ray source movies before the burning process. Besides, its built-in player allows for playing loaded videos and generated photo slideshow. It could play up to 4K videos with original quality retained.

Now users could get up to 40% discount on this Blu-ray/DVD converter and burner. It means that users only cost \$35.97 for a lifetime license instead of \$59.95 with all functions activated. And both Windows and Mac versions are available. Last but not least, Leawo also offers 30% off site-wide coupon code for people to get 30% discount on all the other products.
