

Healthcare Staffing Professionals, Inc. Now Provides Administrative Employment Matches for Employers

Reseda, May 18, 2020 ([IssueWire.com](https://www.issuewire.com)) - Healthcare Staffing Professionals (HSP) is a reputable staffing firm that connects the right people for businesses in various industries, specifically in the healthcare industry.

From permanent to temporary hire recruiting, they utilize a vast network of candidates to match the right finance, administrative, IT, or clinical person for the job.

For more information, you can visit their website at <https://www.hsp-inc.com/>.

HSP Inc. hires candidates and works with clients in the following industries:

- **Healthcare Staffing**

Started as a staffing company for the healthcare industry, HSP finds the right healthcare and medical candidates among the nation's best. They can find you the best physicians, therapists, nurses, scientists, social workers, technicians, and more.

Regardless of the area of specialization— from medical, dental, and pharmacy experts to laboratory, dietetics, and rehab specialists— HSP has you covered. The company vets' candidates and even validate their credentials as well as doing background checks to ensure that you hire qualified medical personnel.

- **Administrative Staffing**

If your administrative department is lacking highly-specialized personnel to keep your business internal affairs running optimally, then HSP can help.

HSP can find the right match to fill the most commonly sought-after admin job orders from the mail-room clerks to the c-level positions and everything in between, promising candidates with an eye for detail and has the necessary credentials for doing administrative works in your business.

- **IT Staffing**

As the world becomes more digitized, data is crucial. Software systems become the norm with cyber attacks and cybercriminals on the loose. Thus, the need for information technology specialists has been increasing.

Whether you need the most innovative network engineers, system architects, analysts, and developers or the brightest IT technicians, EHR application specialists, and database managers, HSP recruiters will find the perfect IT professional for the job.

- **Finance/Accounting Staffing**

In every business, money is one of the most aspects. From acquisitions and mergers to constantly evolving reimbursement models, your finance and accounting department needs to be filled with the

most experienced candidates.

Whatever hire you are looking for—from areas in the revenue cycle and accounting to taxes and auditing— HSP has the skill to find and match the right talent for your finance department.
