

# Loved up in Lockdown- How to Pop The Question

Dubai's Marriage Proposal Planners help Men Propose in Lockdown for Free

**Dubai, May 13, 2020 ([Issuewire.com](https://www.issuewire.com))** - Marriage proposal planning company, Proposal Boutique today announced that they will be sharing inventive ways to help men pop the question while in lockdown. They will be sharing free proposal ideas every day on their social media channels which ensures anyone that is ready to propose can still deliver a romantic and memorable proposal, right in the comfort of their own home.

Proposal Boutique usually offers exciting and elaborate proposals in various venues all over Dubai and the UAE, but they are volunteering their time over the next 2 weeks to share romantic proposal ideas and to offer hints and tips, and any proposal support that grooms-to-be may need.

This incentive is aimed at helping all Dubai residents who were planning to propose pre-lockdown, or for those that are now ready to propose but are not sure what to do, or are concerned about the cost. Proposal plans may have changed from 3 months ago, but that doesn't mean there aren't other ways to WOW your other half. Each day at 11 am on their Instagram, Twitter and Facebook pages, they will be sharing some great tips to help set up a proposal using items around the house, or that can be ordered online and delivered to your doorstep whilst not costing much money. They will also be on hand to answer any questions and to provide guidance along the way- all for free.

Founder and Proposal Planner, Caroline Ralston says 'we are usually busy running around the city setting up exciting and romantic proposals at the beach or on yachts, but these have had to be postponed for a little while. In the meantime, we want to use our skills and knowledge to help men propose at home'.

She went on to say 'I don't think proposals should be put on hold, quite the opposite. This is the perfect time to get creative and use what we have in our homes to create a truly memorable proposal. We love helping proposal plans come to life and are delighted that we have a way to be creative until we can get back to normal'

You can follow their daily at-home quarantine proposal tips on their Instagram, Twitter and Facebook page at 11 am from Wednesday 13th May.

### **About Proposal Boutique**

Proposal Boutique is Dubai's official Proposal Planners, helping clients plan the most unique, romantic and personalised proposal possible. The company was set up in 2014 by British expat Caroline Ralston and since then, the company has planned a large number of proposals that have included flash mobs, helicopters, elephants, rooftops, beach setups, yachts and many more.

We have set proposal packages on our website for those that want a one-stop-shop and we also offer

custom packages for those that want something truly unique. We start by sending each client a consultation form so we can get to know about their relationship in more detail. Based on this and their budget, we then think of three proposal options for them to choose. We then work with the client, right through the planning stages until the end of the proposal event itself to make sure everything runs smoothly for them.

Proposals start from 1,100AED.
