CHARLES CLARK
GETS A SECOND CHANCE

Rahway, May 8, 2020 (IssueWire.com) - From culinary powerhouses to musicians to athletes and even cosmetic lines such as Vera Moore Cosmetics, SapphirEmerald Magazine caters to a diverse audience and supports a creative group of passionate, inspiring, and empowering celebrities.

In the May 2020 edition of SapphirEmerald Magazine, the audience will be enthralled with the inspiring stories of hard work, passion, and dedication that each of our featured gems displays and represents. Through their commitment to and passion for their craft, we will see how each of these stars, successful in their own world, have risen to the top.

SapphirEmerald Magazine had the opportunity to speak with Chef Wenford Simpson about how he inspires others and motivates young culinary students to take what life has thrown at them and use it to get to their dream. As our featured **Sapphire** story “Chef Patrick ‘sends the elevator back down’ to inspire others to follow their culinary dreams”, Chef Simpson shares how he believes in teamwork and uses his passion for cooking to create masterful culinary creations that can be enjoyed at restaurants in both New York and Washington D.C.

As our **Emerald** story, “Legendary family continues with greatness,” Coach Cleo Hill Jr. leads the men’s basketball team at Winston-Salem State University to win the 2020 Central Intercollegiate Athletic Association (CIAA) Men’s Basketball Championship. Coach Hill shares with the audience not only his love for the game but the importance of shaping young men into men through his strong values and work ethic.

Stevie Beatz Adorno, our **Diamond** Story of the month “Stevie Beatz Adorno has the Midas Touch to create legends”, uses his diverse talents and skills to not only bring the world the fruits of his love and passion for music but to help other musicians and composers along the way. Whether he is producing his own music, stepping in to help a fellow musician or writing musical scores, Stevie continues to be an enduring figure in the music industry.

“Tag Team Champion Isaiah Wolf takes Prolific to a new level.” The term **Iron Rock Sports** must have been created for this powerhouse in the world of wrestling. Isaiah Wolf, “The American Gangsta”, Prolific Tag Team stable, shared with SapphirEmerald Magazine how he maintains his impressive physique and continuously works on his unique moves in the ring. His efforts outside the ring to engage with his fans and teach aspiring wrestlers to make him the perfect candidate for the honor of being placed in the Iron Rock Sports class by himself.

Taking advantage of his second chance in life, Charles Clark has appropriately earned his spot as our **Ruby Story Hot News** “Charles Clark gets a Second Chance”. Having lived the life of the goon enforcer that he so appropriately plays in the hit television series *Empire*, Clark shares with the SapphirEmerald audience how his acting career has been his second chance to get his life right. On and off the set, he gives God the glory for all that he has done for him.

Featured as the **Diamond Film and Glitter TV**, “Multi-talented Canadian actor William ‘BIGSLEEPS’ Stewart takes over the big screen”, working with many talented people in the industry including Steven Segal, Taraji Hensen, and Ronreaco Lee. He inspires aspiring actors to “have tough skin, to study the craft, and believe in yourself.” We are looking forward to where his talent takes his career next.

The staff at SapphirEmerald Magazine would like to send a heartfelt thank you to (insert wedding photo company name) for their beautiful and inspiring wedding photos and creations.
