all types of residential, commercial, hospitality, and industrial establishments.

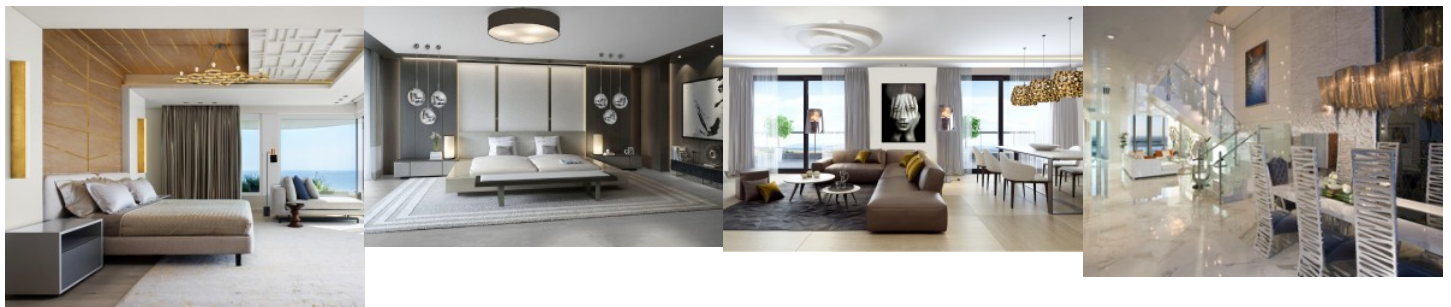

Our abode is our most important place. It is not just a place where we live, but the abode where we spend time relaxing, rejuvenating with the family. It is our dwelling that holds a special place in our hearts and thus must be a reflection of our identity. Comfort and calmness in our home can be achieved only when the existing environment and surrounding is serene and relaxing as we like to be. It is, therefore, a key component that defines how we spend our time and what impact it does have on us. Creating a bespoke environment that is fitting to our lifestyle, as well as beautiful, appealing, and having a sense of functionality as well as space maximization is everyone's desire.

An international licensed designed firm, the company works through a unique approach, focusing on bringing a creative and artistic sense of implementation into the solutions. The firm works on creating an end-to-end design solution that moves beyond the traditional beauty concept, thereby creating an interior space that brings balance in all the elements while being true to the dweller's persona. Developing an atmosphere that is intensely reverberating with the end-users is what forms the basis of the design philosophy incorporated by the Pfuner Design. From boutique hotels to restaurant environments, commercial buildings, residential premises, and more, the company is able to deliver bespoke solutions as specifically and precisely as desired by the clients.

Creating a space that is unique, original, forming a balance of each and every object, texture, shape, along with focusing on color therapy, obeying Feng Shui principles, keeping in mind the whole composition harmony is what makes the firm stand ahead from the rest. Along with contemporary design solutions pertaining to custom build-outs and complete renovations through an all-inclusive design journey, the company has also made giant strides towards leveraging the virtual space for making accessing quality interior design service a breeze for users through its e-design service offering. The online interior design service helps users create an interior design for their particular space, specific to whether they want it remodeled on an existing inspiration or concept, or want something unique that helps utilize their spaces thoroughly while creating a stunning landscape.
