

Skip the dentist and buy direct! Dental Lab Direct launches online dental care products

Dental Lab Direct's online dental care products are making dental care affordable and simple for everyone in the United States.

Chicago, May 8, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dental Lab Direct, a dental care products manufacturer has launched an online shop where anyone can order [custom dental products](#) at much lower prices.

Considering the need for affordable dental appliances, the company has launched a line of products, including nightguards, mouthguards, teeth whitening systems, clear orthodontic retainers, partial dentures, anti-snoring devices, clip-on smile and other accessories. All these products are available for purchase online at much lower prices than available with any dentist.

“We wanted to make dental care easier and affordable for everyone. Buying your appliances from a dentist can be pretty expensive,” said Joe Bazzi, the Founder of Dental Lab Direct. He himself is a Certified Dental Laboratory Technician (CDT) who has owned his own commercial laboratory for 20+ years.

The order process at Dental Lab Direct is pretty easy.

- **ORDER:** receive your complete, easy-to-use home impression kit for taking your teeth impressions, instructions included.
- **MAIL:** Use the kit to take your impressions and mail to us using the prepaid label provided.
- **RECEIVE:** based on your order, we will deliver your professional-grade appliance to your front door.

Take advantage of Dental Lab Direct's online dental care shop today. Skip the dentist and buy direct!
