

## We Heart Animals Launches New Dog & Cat Friendly Website

**Los Angeles, May 6, 2020** ([Issuewire.com](https://www.issuewire.com)) - We Heart Animals.org today announced the official launch of their website: <https://weheartanimals.org/>. The new website offers a simplistic design but boasts excellent functionality as well as streamlined navigation to enhance buyers' and visitors' experience.

We Heart Animals.org is a startup e-commerce store and a heart-warming organization with a vision of a kind world where all animals are loved and their lives matter.

The website features an ever-increasing inventory of pet products including cat toys, dog toys and hats, collars and leashes with car buckles, pet beds and yoga cat mat, as well as technologically-advanced tools for your lovable pets such as an automatic pet feeder and a pet selfie stick. For your needs as a pet parent, the store also includes cool accessories for your home such as couch covers for your shedding furry buddy or your nail-itchy feline.

In order to make it more convenient for their loyal customers and reach an even broader audience that shares their core values and mission, We Heart Animals.org launched a fast and easy to navigate website. This way, visitors and clients from all over the world can place an order for their pet essential items.

The website is user-friendly with a minimum number of Menus with all products categorized to make it easier for visitors to navigate through the website. Or they could just search for a specific keyword in order to find what they're looking for.

However, what makes We Heart Animal.org a wonderful organization is that it sends a monthly donation based on their monthly sales to the charity RescueBank.org. This monthly donation can feed a number

of animals that are currently residing in shelters from across the country as well as providing abandoned animals with the medical care, refuge, and companionship that they all deserve in life.

The website also features a blog page which contains rich digital content such as the latest pet news, press releases, featured products, tips, and guides on caring for pets. Website visitors are also encouraged to explore this newly built website and sign up for We Heart Animals.org's newsletter at <https://weheartanimals.org/pages/contact-us> for timely email alerts of new products, flash sales and so much more.

For visitors who are interested in their pet products or those who wish to help with the We Heart Animals.org mission, you can get in touch with them via their website or the contact form below.
