

xBiz TechVentures launches Video KYC Platform

Mumbai, May 27, 2020 ([IssueWire.com](http://www.IssueWire.com)) - In today's times when social distancing is posing challenges to organisations, xBiz Techventures has launched AI-powered Video KYC Platform to facilitate customer on-boarding for BFSI segment.

Video KYC solution is the latest offering as per the set guidelines of RBI, Zero-Touch, Multi-Mode, Multi-Platform all in one single suite offering. The suite has an impressive library of add-on components such as Liveness and Face detection, Document & Signature matching, Document compression and Auto prefill assistant.

"We understand that 'one-size-fits-all' does not work for organisations. And innovative clients prefer power and agility in their hands to play around with components to innovate new solutions, and that's why we provide our products like Lego Blocks. Our clients love the one-stop-shop experience because it leads continuous innovation and faster project roll out", Sanjiv Shah the Founder of xBiz Techventures and a serial entrepreneur said and we quote

Mr. Vinod Kumar, the Co-Founder, added, “We understand the pains of designing customer journeys and digital user experience, and the need for continuous innovation is more than ever in a highly competitive marketplace. Thus, we made the Video KYC in the space of end-to-end KYC and related processes, regulatory compliance, advanced features, etc. in a mode that best suits the business case and user journey. This makes our customers the real innovators, while we play the role of a facilitator. There is no greater joy than to see the success of our customers”.

DigiVision.AI KYC Suite’s comes across as a powerful tool kit in the hands of innovative executives with feature products as Video-KYC,E-KYC,OCR, Masking multi-mode operations, and freedom of choice literally opens up a plethora of opportunities for solution architects to design solutions the way they want without disrupting the company’s existing application investments.

The security standards followed comes with 100% regulatory compliance guarantee to enable Banks, Insurance Companies, NFBC, and Mobile Wallets to embark on digital experience journeys without worry. More details are available at <http://www.xbizventures.com> .and. <http://www.digivision.ai>
