

Yeh Hai India Produced By Sandeep Choudhary Wins International Awards

Sandeep Choudhary always wanted to make a film around the story of India and he was successfully able to deliver that.

Jaipur, May 14, 2020 (Issuewire.com) - Yeh Hai India is a patriotic drama full-length feature film that revolves around the story of an NRI son's journey to India. This film was also taken at 70th Cannes Film Festival by CII body of the Government of India and got huge applauds.

Sandeep Choudhary, the Producer of Yeh Hai India was also invited to Kobe, Japan where he got the opportunity to meet the Indian Prime Minister, Shri Narendra Modi there.

Yeh Hai India Film has been directed by Indo Australian Director Lomharsh, and Tiger Zinda Hai fame Actor Gavie Chahal portrayed the lead face in the film.

Yeh Hai India patriotic film was selected as an official entry to FOG film festival of the USA and won the Best Director and Best Movie Awards.

Yeh Hai India has also recently won the Radio Mirchi Music Awards 2020 for its song Dhola under category Best Raag Inspired Song of the Year.

The song has been composed by Raja Hasan and award given by Music Maestro AR Rehman himself in an event held in Mumbai.

Sandeep Choudhary always wanted to make a film around the story of India and he was successfully able to deliver that. When it comes to living up to dreams, there are very few people who are capable of doing all that they want in a single lifetime. Mr. Sandeep Choudhary is one such personality. A Software Engineer by profession turned builder, he is now in the field of film direction and production.

Sandeep Choudhary has some new projects in the Line up which will definitely be a watch out for under his Banner Dlb Films Pvt Ltd.

Chicken Biryani is another project made by Dlb Films. Written and Directed by Lomharsh, Chicken Biryani won close to 13 international and national awards. Chicken Biryani is currently streaming on Amazon Prime US, Amazon prime UK, Amazon Prime Rest of the World, and many other International streaming platforms.
