You Won’t Believe How Did the Author End the Suspense

The author engages readers to an elevated suspense experience.

ROCKHOLE
JESSE SKILES

Pittsburg, May 8, 2020 (Issuewire.com**)** - Jesse E. Skiles' *Rockhole* is a thriller that you shouldn't miss. The dark and doomed ambiance blankets every leaf, leaving an impression of a well-crafted literary piece. Every chapter unveils shocking momenta without a touch of cliché.

"Opening right in the middle of Mary J.'s frantic escape, this book starts out at full speed, providing a constant layer of tension that remains present throughout the entire book. The gradual build-up for the reader isn't the characters approaching a climactic showdown so much as it is generations of sin being peeled back one by one, bridging the distant past with the present circumstances that drive the action of the story. Grim descriptions and demonic presence provide jolts of horror in the reader, but the actual sense of terror rises to a boil at a constant, steady pace until the thrilling conclusion that will leave the reader gasping for air. Like any good piece of suspense or horror, there is a war of wills whether to put the book down and release the tension or press on and see what happens next," says Michael Radon of US Review of Books.

Ultimately, Skiles' allows readers to react on a very challenging paradigm of taboo combined with the concept of supernatural in a one-of-a-kind thrilling narrative. Through graphic and fatal imagery, Skiles' effective combination of literary devices surely engages readers to an elevated suspense experience.
