

20 Years of Innovation and Digital Transformation - TechAffinity

Tampa, Jun 3, 2020 ([Issuewire.com](https://www.issuewire.com)) - TechAffinity, a Florida corporation delivering Application Development and Digital Transformation for startups to F500 companies across multiple industries is celebrating its 20th anniversary of driving Customer Success. Founded as a 5-member team supporting just one technology has now grown to more than 250 employees in two countries with expertise in 50+ technologies.

This year will mark another significant milestone for the private IT service provider, as they announce a merger of **TechSmarte** (*IT Staffing Company*) to expand its [service offerings](#). This merger is said to expand the company's portfolio in providing IT staffing solutions by tapping into localized hiring across the nation and focusing on remote teams.

As a frequent contributor to local business and charity events, TechAffinity recently supported a charity event "[I Support Veterans](#)" in association with the [Yellow Ribbon Network \(YRN\)](#) in their hometown of Tampa Bay, Florida. TechAffinity is the development partner of choice for YRN in creating a unique platform that connects the Veterans and the non-profit organizations providing assistance.

Rated as one of the Top IT Service & Software Development Companies, TechAffinity has been focusing on expanding its diverse portfolio with next-gen technologies and services. In 2018, TechAffinity became an "[Authorized Solution Partner](#)" for Freshworks.

"Congratulations to TechAffinity on their 20th anniversary. We have collaborated on a number of diverse projects over the past several years all of which have been an absolute success for both us and our clients. Glad to have them as our **Authorized Solution Partner**"

-- Girish Mathrubootham, Founder & CEO of Freshworks
