

Celebrity Ink™ - Tattoo Franchise Opportunity from World's Biggest Brand

Introducing new business in the tattoo industry and helping them to become a reputed brand

Surfers Paradise, Jun 29, 2020 ([Issuewire.com](https://www.issuewire.com)) - Celebrity Ink™ is one of the biggest tattoo brands in the world, with more than 20 studios in 8 countries across the globe. It is the dedication and commitment of the award-winning artists working with the brand that has taken the reputation of the brand to pinnacle heights. Another important element is its global tattoo franchise opportunity that has enabled the brand to spread across different countries globally.

Tattoo Franchise Opportunity

Celebrity Ink™ has a one-of-a-kind business franchise opportunity through which they introduce every franchisee in the industry. They also get the support of a renowned global brand and accessibility of the locations in the hotspots of international travel.

The opportunity enables franchisees to become an indelible part of people's lives and also to manage the success of their own. This opportunity allows franchisees to become a part of the first global tattoo franchise group. It also enables them to become a part of the group that has expert artists with an incredible reputation and, most importantly, a strong customer database.

Training and Support

Celebrity Ink™ helps all its franchisees to prepare and to open tattoo shops. They also offer a six-week introduction program and in-house support. The training and support sessions include boardroom theory, real-world work hours in a well-settled shop and onsite assist for the studio once established.

They also help in a standard accounting system where the brand has already done so much of hard work for the franchisees. All these factors help businesses to turn their vision of starting a tattoo business into reality.

What Does the Process Involve?

Celebrity Ink™ follows a detailed process and assists franchisees throughout the process. It includes

- consultations with the investment and operations team every month to evaluate the finance
- quarterly visits of the operations team to assist in the recruitment as well as training of the staff and also to support the KPI requirement of every studio
- offering access to the online portal so that they get aware of the policies as well as procedures of Celebrity Ink™

They Do Marketing As Well

Celebrity Ink™ already has strong brand acknowledgement, and this clearly suggests that there will be more customers. Most of the studios of Celebrity Ink™ are established in the entertainment, hotspots, shopping centers, and precincts of the world, and they also boast a massive social media presence. As a part of the marketing support program, all the franchisees get different sorts of Marketing and Business Development assistance.

How to Apply?

The steps are very simple.

- Express that you want to be a part of [Celebrity Ink™ franchise](#) opportunity
