

Change the way you listen to music.

A redefined audio experience!

Udupi, Jun 11, 2020 ([Issuewire.com](https://www.issuewire.com)) - Global Delight Technologies is delighted to announce a major update to Boom (on the Play Store), that will redefine the audio experience on Android devices.

With the new update, Boom brings you a much-anticipated feature, a system-wide audio equalizer and audio effects to experience rich and unmatched audio on your phone! Streaming videos, music from different services, games, and more, can now be experienced with immersive 3D surround sound.

This update brings:

- System-Wide FX - A new feature that enables Boom to equalize & enhance the audio across all apps & games. (Only available on Android)
- Explore Boom - The new 'Explore Boom' source allows you to add your own streams to listen to, with Boom FX!
- Filter Explicit Tracks - You can now filter explicit tracks.
- Finer Bass Control - Now fine-tune your bass level with a dedicated bass slider!

Features that make your world go BOOM:

- Magical 3D Surround Sound
- System-wide Audio Enhancement
- Stream Spotify and TIDAL with Boom
- 20,000+ Radio and 20,000+ Podcast Stations Worldwide

- Play music from your device or Cloud
- Handcrafted Equalizer Presets
- Custom Equalizer settings
- Hi-Res Audio Support
