

Charles J. Marotta, MD, FACC, a Cardiologist with Advanced Cardiology and Advanced Primary Care, LLC

Get to know Cardiologist Dr. Charles J. Marotta, who serves patients throughout the State of New Jersey.

New York City, Jun 3, 2020 ([IssueWire.com](https://www.issuewire.com)) - Being a knowledgeable and skillful cardiologist, Dr. Marotta's professional interests include cardiac arrhythmia, cardiac diseases, cardiac valve disease, heart failure, hyperlipidemia and high blood pressure. He has been in private practice since 1989, founding Advanced Cardiology, LLC in 2002.

"Advanced Cardiology and Advanced Primary Care is committed to providing the most outstanding quality of care to our patients in a warm and compassionate manner. We treat our patients as family. The practice is affiliated with Atlantic Health Systems and our patients are admitted to the Gagnon Heart Hospital at Morristown Medical Center, Saint Barnabas Medical Center, Hackettstown Medical Center, and Newton Medical center. We provide services to the Morristown (Cedar Knolls office), Hackettstown, Newton Communities and surrounding areas" as stated on their website.

On the subject of his educational background, Dr. Marotta earned his medical degree at Rutgers New Jersey Medical School in Newark. He then went on to complete his internship, his residency in internal medicine, as well as his fellowship in cardiology and interventional cardiology at the same educational venue.

Following his training, the doctor earned board certification in internal medicine, cardiovascular disease, and interventional cardiology through the American Board of Internal Medicine, a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. He also earned board certification in nuclear cardiology and echocardiography,

He is a Fellow of the American Academy of Cardiology (FACC).

Cardiology is a branch of medicine that deals with the disorders of the heart, as well as the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease, and electrophysiology. Cardiologists are doctors who diagnose, assess, and treat patients with diseases and defects of the heart and blood vessels (the cardiovascular system).

In his spare time, Dr. Marotta enjoys traveling and spending time with his family. He also enjoys watching the NY Giants and NY Yankees.
