

Decentralised Token with Better-Incentivized Structure than Current Software Models.

New Delhi, Jun 25, 2020 ([Issuewire.com](https://www.issuewire.com)) - I. Introduction

Janta Bazar Coin (JB Coin)

Janta Bazar Coin gives easy to use, proficient, and secure crypto banking, installments, and Internet business arrangement using blockchain innovation, supported by Janta Bazar Coin (Badge of Five Star Coin (FSC). Through AI calculations, coin confirmation of stake issuances, and JB Coin holder verification of stakes, JB Coin plans to give the certainty expected to wide acknowledgement as a

mechanism of trade and besides, a store of significant worth.

Decentralize

Decentralized token with preferable boosted structure over current programming models.

Higher Liquidity

Higher liquidity makes it perfect for purchasing and selling with least value aggravation.

Solid

The relativity of exchanges and security are factors that will make the token an advantage.

II. Roadmap

April 27, 2020

JB Coin was listed on [fivestarexchange.in](https://www.fivestarexchange.in) on 27 April 2020, ICO of JB Coin was introduced in the market on the same day.

May 14, 2020

The last date of the ICO of JB Coin is 14 May 2020 and the ICO of JB Coin is offered at INR 1.

May 15, 2020

Trading of JB Coin will start from 15 May 2020 on [fivestarexchange.in](https://www.fivestarexchange.in) and the unique thing offered by JB Coin team is that they will provide support to JB Coin in trading as follows:

1. From 15 May 2020 to 31 May 2020 support will be at INR 1.25
2. From 01 June 2020 to 15 June 2020 support will be at INR 1.50
3. From 15 June 2020 onwards support will be at INR 2

June 1, 2020

JB Coin will be accepted in our own e-commerce portal Janta Bazar from 01 June 2020 (value of JB Coin in Janta Bazar will be up to 50% extra of the live exchange rate)

December 31, 2020

JB Coin will be listed in three (03) international exchanges by 31 December 2020.

December 21, 2021

JB Coin will have its own exchange till 31 December 2021 where trading with INR pair will also be available.

III. Features

JB Coin Team is also introducing some unique plans which are made keeping in mind the financial goals of its users.

Secure Wallet

Here you can lock a fixed amount of your JB Coin for a fixed period of time and the company will award you with JB Coin, which will be credited in your JB Wallet after the completion of that particular time

period.

- a) For 3 months : Principal + 2% JB Coin
- b) For 6 months : Principal + 4.5% of JB Coins
- c) For 9 months: Principal + 7% of JB Coins
- d) For 12 months: Principal + 10% of JB Coins

MIS Plan (Monthly Income Scheme)

Interest will be deposited in official JB Wallet in form of JB Coin every month, which would be calculated on the basis of INR value of the total amount of JB Coins locked by its user for following time period:

For Example: If at the time of taking MIS plan the price of JB Coin is Rs 20 and if someone locks his/her 500 JB Coin in MIS Plan. Then first the value of 500 JB coin will be converted into INR which would be Rs 10,000. After that, the interest of 2% on Rs 10,000 would be calculated which would be Rs. 200 which would be further converted into the current rate of JB Coin in that month. Now let us suppose that at the time of depositing interest, the value of one JB Coin goes up to Rs. 40, this means 5 JB Coins will be Credited and if by any chance the value of one JB Coin goes down to Rs.10 then 20 JB Coins will be credited in official JB Coin Wallet.

- a) For 1 year: 2% of JB Coins equivalent to INR value of total JB Coins locked at the time of taking the MIS plan
- b) For 2 years : 3% of JB Coins equivalent to INR value of total JB Coins locked at the time of taking the MIS plan
- c) For 3 years: 4% of JB Coins equivalent to INR value of total JB Coins locked at the time of taking the MIS plan
- d) For 5 years: 5% of JB Coins equivalent to INR value of total JB Coins locked at the time of taking the MIS plan

(Note: Premature Closure of MIS Plan will cost a deduction of 20% of JB Coins from your principal)

Recurring Plan

A fixed amount of JB Coins will be deposited every month for a fixed period of time. Suppose 100 JB Coins are deposited every month for the following time period

- a) 1 year: 1300 JB Coins will be credited in your JB Wallet after 1 year (Profit of 100 JB Coins)
- b) 2 years: 2600 JB Coins will be credited in your JB Wallet after 2 years (Profit of 200 JB Coins)
- c) 3 years: 3900 JB Coins will be credited in your JB Wallet after 3 years (Profit of 300 JB Coins)
- d) 5 years: 6000 JB Coins will be credited in your JB Wallet after 5 years (Profit of 500 JB Coins)

(**Note:** Premature Closure of MIS Plan will cost a deduction of 20% of JB Coins from your principal)
