Albuquerque, Jun 6, 2020 ([IssueWire.com](https://www.issuewire.com)) - Music is being utilized yet again as a scope for expressing social, cultural, and political injustice by rock and soul musician **Marco Cholo**. He is putting together a lyrical module as a creative protest against the exploitation of government and its subsidiaries that have paved the path for the most unstable political eras of all time. He recently came out with the song, '[Sovereign Nation](#)', a symbolic cry against manipulation, racial discrimination, epidemic, and more that has led the world to experience one of the most degrading and destructive times in modern history. The song is composed through intense riffs and rock progressions and a vocal timbre balancing the collective resonance of the song as a protest anthem in all its glory.

Working along the boundaries of rock and soul with a thematic reflection against redundant political and social dogmas, Marco "Cholo" Nunez's soundscape stands out in creative depth. support for all those who have lost and continues to lose because of a fascist government.

A [Native American Rock Artist](#) by birth, **Marco Cholo**'s musical concepts are on a whole different degree of creative outspokenness. Some of his biggest inspirations from the industry include David Nunez, Randy Castillo, Otis Redding, Ozzy Osbourne, Ray Charles, WAR, and Tierra. A drummer, singer, songwriter, and producer, his association with the label Sovereign Nation Music will further allow him to magnify his career as a musician into bigger arenas.
