

Level UP Franchise Now Open in Oakville, ON

Level UP Learning Centers (www.levelupkids.ca) recently announced that their new enrichment education center is open in Oakville, Ontario.

Oakville, Jun 22, 2020 (IssueWire.com) - Level UP Learning Centers (www.levelupkids.ca) recently announced that their new enrichment education center is open at 511 Maple Grove Drive, Unit 28, Oakville, ON L6J6X8. The vision of Level Up Learning Centers is to prepare students for future careers.

Level UP recently has expanded to three Ontario locations. The center in Oakville will continue with the project-based learning that has been a successful and popular platform around the world. Families who are interested in giving their children new digital skills are invited to drop by for a free assessment. The center is staffed by friendly experts who lead children through self-guided programming activities.

Level Up Kids' unique multiyear curriculum will teach professional languages such as Python, JavaScript, and Java while using the same tools used at companies like Google, Facebook, and Intel. With multiple locations across Canada, Malaysia, and the United States children receive personalized instruction with a 10:1 student to instructor ratio.

Students move through a variety of career-based learning paths as they complete fun project-based classes.

Level UP provides STEM-based enrichment education for students in grades 2-12. They also offer SAT and ACT prep courses, as well as NCAA approved high school classes.

Level Up offers a variety of different programs to suit the schedules of families — including flexible Drop-In Learning, After School programs, PD days, week-long summer Camps and the popular Parents Night Out programs. During Parents Night Out, parents can drop their kids off at Level Up for a fun evening of games, puzzles or robotics before leaving to enjoy a much-needed evening out on the town.

About:

Level Up Kids: Founded May 2015 by CEO Jeff Hughes, Level Up Kids is an innovative and non-traditional approach to children's enrichment programs. The company started with just one location in New Brunswick and has since expanded globally with locations across Canada, the United States and the Caribbean, Level Up engages students in supplemental Science, Technology, Engineering, and

Math (STEM) education, giving them a real academic advantage and the skills and motivation, they need to succeed in life. Offering students, aged seven to fifteen, the opportunity to learn important tech skills, including coding and problem solving through computer science, Level Up Kids encourages children to pursue an interest in the growing tech industry through creativity, exploration and friendship in an energetic kid-friendly learning environment.
