

PCEX Introduces PCEX Member to Cater Indian Crypto Users

Kuusalu, Jun 14, 2020 ([Issuewire.com](https://www.issuewire.com)) - The global cryptocurrency exchange PCEX today announces a strategic partnership with PCEX Member to expand its business in the Indian crypto market and enable its existing Indian crypto users to buy and sell digital assets with INR. Starting June 15, crypto investors, individuals, and enterprises can buy and sell cryptocurrencies with Indian rupees (INR) directly on PCEXMember.in using their existing PCEX account credentials.

“Quarter 1 of 2020 seems to be favorable for the Indian crypto market. As the Apex court of India has uplifted the ban imposed by RBI on the financial institutions and RBI has confirmed that there is no longer any banking ban, we are expecting exponential growth in the adoption of cryptocurrencies in the Indian crypto market,” said Mr. Sandeep Phogat, PCEX Founder and CEO. “The partnership with Pancap Investment aka PCEX Member shows our commitment and dedication to Indian users and gives us an opportunity to expand our reach in potentially the world's largest digital currency market.

Expanding our crypto community and giving people a smart investment option remains a key mission to PCEX and PCEX Member will surely help in this by providing a seamless, secure, and economical trading option to every user.

In addition to providing simple and effortless trading experience to Indian users, PCEX has also focused on providing support to PCEX Member by bringing more liquidity, more volume, and accelerating the matching performance of the trading platform.

The strategic partnership with PCEX Member is the part of PCEX's growing list of global partners to provide access to high volume, high liquidity, and a large network of crypto communities to their every trading member.

About PCEX

PCEX is an Estonia based cryptocurrency exchange that works with a greater mission to let people explore lucrative investment opportunities in the cryptocurrency market rather than exploring conventional investment opportunities. It is one of the leading global cryptocurrency exchanges in terms of trading members, having millions of clients from all around the world. PCEX invites only Partnership Firms, Limited Liability Firms, and Limited Firms to join as a trading member and provide them an opportunity to start their own successful trading business by creating a chain of franchisees, master franchisees, and freelancers and leveraging the benefits of PCEX's high volume, liquidity, and crypto network.
