

President of CISCO Inc. APJ, works with GX Group as Advisory Director to Board

Mr. Sanjay Kaul, President, SPG, APJ, CISCO Systems joins hands with GX Group, a FTTH company which has shown growth in past years and is looking to invest in India under Make in India digital dream.

Mr. PARITOSH PRAJAPATI, CEO - GX GROUP

“Mr. Sanjay Kaul joins GX Group’s as Director of Advisory Board at a time of great growth and opportunity in the broadband field. I look forward to working closely with him to build an even stronger company”

Gurgaon, Jun 17, 2020 (Issuewire.com) - GX Group (www.gxgroup.eu), a leading manufacturer of FTTH and GPON equipment announces its Board Advisor to the company’s Board of Directors. With the company’s **growth and Make In India investment plans in India** about to be implemented, GX

Group adds one of the executive business leading an individual to their list.

Mr. Sanjay Kaul – President, CISCO systems (APAC and Japan, Service Provider Business) has joined as the Director of Advisory Board for GX Group. Sanjay's vast experience in the field of telecom and digital connectivity will surely have an impact on the company's future endeavors.

On being appointed as the Director of Advisory Board for **GX Group(www.gxgroup.eu)**, **Mr. Sanjay Kaul** said, "The increasing demand for high-speed broadband along with European quality stamp is the right value to the market which has to accelerate leaps and bounds post COVID-19. GX Group has a strong technology innovation and compelling value proposition for SP's, Cable Operators and real estate businesses. I am truly excited to support GX growth in APJC region".

GX Group's Make in India vision

[GX Group](#) is a European market-leading Fiber-to-the-Home (FTTH) company with 20 years of experience, focused on Manufacturing and Development of FTTH products. Quality and innovation have always been their focus where they invest major part in our R&D team developing next-generation PON (GPON/XGPON/XGSPON) solutions.

GX Group is working closely with the Invest India forum, to support the Make in India production strategy, which is supported by the increasing global demand along with the local India market growth. GX started their first trial production setup already in 2014 and has since then been focused on a mass-scale production setup.
