

Stefano D'Amico announces release of newest album, Tribute to the Earth

An album to save the Earth.

Torino, Jul 4, 2020 ([Issuewire.com](https://www.issuewire.com)) - November 12th is the release date of Stefano D'Amico's first album. Stefano is a pianist, composer, and self-producer.

Tribute to the Earth will be available worldwide on all digital stores.

"It is an album whose piano and orchestral melodies are meant to pay homage the beauty of our planet, from rain to rainbows, from forests and mountains to the Moon. I hope it will raise awareness on issues such as pollution, climate change, deforestation" says Stefano.

The album will feature Rain, released in 2017, and Revival, released in 2020 and will be anticipated by another single, Luce Soffusa, which will be out on September 2020.
