

Sweet Earth CBD Delivers a Natural Skin Care Gift Set for Men Just in Time for Father's Day

Ashland, Jun 11, 2020 ([Issuewire.com](https://www.issuewire.com)) - Here's a thoughtful gift idea for the men in your life who enjoy high-quality skincare products with a little extra oomph! For bearded, clean-shaven, or anything in between, Sweet Earth CBD skincare delivers men's "green" gift set—for a home spa day, every day. Recognize your favorite man (or men) with a gift basket he'll never forget. Beard and face cleanser, shaving cream, aftershave, and beard oil make for a complete daily self-care regimen. And, our CBD-infused hand sanitizer is perfect for those quick trips to the grocery or hardware store.

As a pioneer in the green beauty industry, Sweet Earth focuses on totally natural skincare ingredients. Sweet Earth is a complete farm to the shelf product line. We farm our own hemp, to ensure the high-quality of CBD that is added to each product. We use best farming practices as we live on the farm we cultivate. We source our botanical extracts from other local farmers whenever we can. Each product in our line is comprised of high-quality ingredients, which are further enriched with CBD. COAs accompany the product at each stage for transparency and accountability.

Sweet Earth wholeheartedly stands behind the quality and integrity of its products, and our Leaping Bunny certification means you can trust the ingredients.
