

The Leading Wholesale Supplier of Premium Branded Electrical Goods in Cape Town

Western Cape, Jun 17, 2020 (Issuewire.com) - Plumstead Electrical, established in 1968 by Sandy Gold, has been supplying the lighting and electrical industries in Cape Town for over 50 years. Apart from supplying to the general public, for all residential, commercial and industrial projects, the company is also a trusted supplier to various property developers, municipalities, retail outlets, and electrical and building contractors.

Since opening, the company has seen exponential growth. In order to service and supply premium products to a larger client base, [Plumstead Electrical](#) opened two other divisions – Okavango Electrical Wholesalers and Lighting, and Atlantic Electrical Wholesalers and Lighting, which are based in Brackenfell and Parklands respectively. Okavango Electrical is run by the general manager and director, Morne Vermeulen, alongside Gold brothers Bruce and Glenn.

In addition to supplying premium quality electrical products from various suppliers, such as CBI, ABB, Legrand, Schneider, Gewiss and Osram, to name a few, Plumstead Electrical also provides clients with

expert advice and suggestions on the best products to use for different electrical requirements. Regardless of how big or small the project is, whether, for a small DIY project, multi-million Rand development or retail outlet renovation, the company can provide clients with advice from as early on as the blueprint stage of the project. Moreover, the company is able to fully spec and quote on all the electrical material you will need for your development or project, which will aid you when going over your budget.

In terms of the products offered, Plumstead Electrical has several different product categories, which can be found on their website. These include circuit breakers, cable securing and jointing, distribution boards, lamps, fans and heating appliances, lighting and associated accessories, timers and daylight switches, wiring and cables, as well as several other lighting and electrical-related products.
