

The Most Experienced Company in the Tool and Equipment Hire Industry

Western Cape, Jun 17, 2020 ([Issuewire.com](https://www.issuewire.com)) - BuildEquip, established in Cape Town in 1972, is a family run business and everyone's go-to hire shop. Since opening, the company's vision has been to provide clients with a one-stop-shop where they can hire high-quality, well-maintained equipment at competitive prices. Due to the fact that [BuildEquip](#) has over 40 years' worth of experience in the hiring industry, they are able to source any tool or piece of equipment needed for a project.

The company's top priority is to provide clients with well-maintained equipment to reduce any chances of breakdowns, which will cause customers to lose time and money. As a result, all staff are trained on the equipment and tools they supply, and all equipment receives regular maintenance to ensure it is operating as it should. This is to ensure that, should a customer require any advice on the best tool or piece of equipment to use for their project, all staff will be able to suggest the right equipment, as well as one's that are in the best condition.

Regardless of the size of your project, whether you're a building contractor or avid DIYer, BuildEquip's experienced and friendly staff will guide you on which tools, equipment and scaffolding may be needed to effectively complete your project. In fact, they may even suggest tools and equipment you didn't think you'd need.

In terms of the products available for hire from BuildEquip, the following is supplied by the company: toilets and storage, trestles and ladders, access scaffolding, formwork and support, various building and site tools, surveying and measuring equipment, concreting equipment, grinding and cutting tools, trailers, as well as several other pieces of equipment.

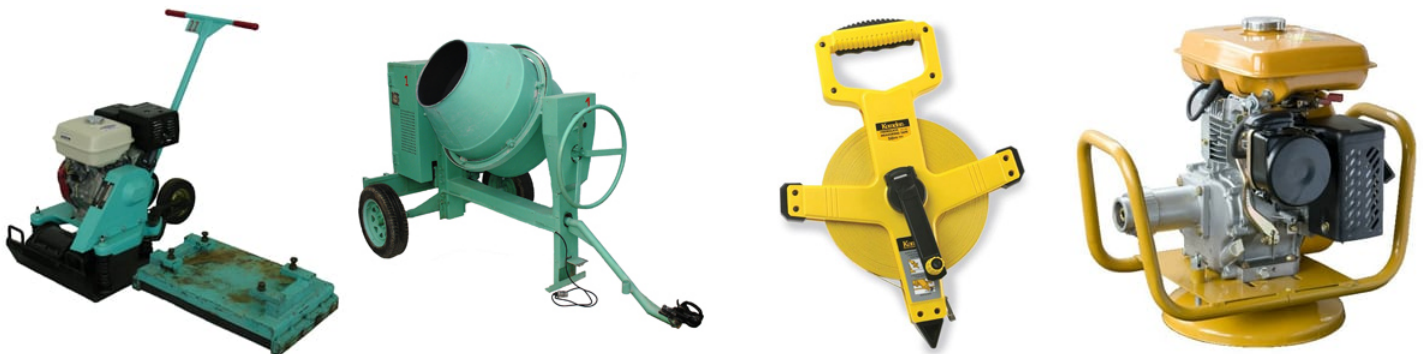

If you're tired of having to visit four or five different stores in order to source all the tools and equipment you need to start and effectively complete your project, consider visiting BuildEquip for the ultimate one-stop shopping experience. To browse through their several different products or to find out more information about their hiring process, visit their official website at <https://buildequip.co.za/>.
