

1021 North Beverly Drive - Luxury Home on Netflix

The 75-\$-million property in Beverly Hills

Beverly Hills, Jul 10, 2020 ([Issuewire.com](https://www.issuewire.com)) - *Sen Properties Beverly Hills* has led to the spring out of an amazement buzz, with [1021 North Beverly Drive](#) being a featured luxury home on Netflix show. The property is located on North Sunset, which is quite a convenient positioning with shopping centers and dining locations only minutes away.

According to **Sen Properties**, Beverly Hills is its 'pride, passion, and purpose.' The firm aims to make this section of the City of Beverly Hills, one of the most 'liveable and glamorous' globally. The properties are among the Platinum Triangle mansions with a prime positioning overlooking LA, in the midst of the eponymous hills.

This **luxury home in Beverly Hills** is positioned in a way that when the residents get tired of staying indoors, they can have many adventures within the vicinity. No one lacks something to keep life flowing glamorously from the cruise in verdant palm-lined boulevards to Rodeo Drive.

The area is mainly a hub for world retailers and brands such as Burberry, Jimmy Choo, Cartier Tiffany & Co. The classically designed mall by Frank Lloyd-Wright is an excellent space for shopping and running different errands. One can end the day on Sunset Boulevard at the spectacular Beverly Hills Hotel.

Selling Sunset and 1021 North Beverly Drive

Drama meets reality on 'Selling Sunset,' the thrilling Netflix show that's doing a great job selling different Beverly Hills properties. There is so much visual delight with behind-the-scenes camera editions revealing unique residences with architectural triumphs.

1021 North Beverly Drive by Sen Properties brought together leading architects and high-quality building materials in the modeling of its fabulous features. The [\\$75 million luxury home on Netflix](#) exceeds many expectations. It is mounted on a 1-acre land advantageously close to the famous Beverly Hotel, North of Lexington.

The primary home covers 15,605 sq. Ft with seven bedrooms and ten baths. The property also collaborates with a guest space of 2690 sq. Ft. with two beds plus two bathrooms.

Design Interiors

Properties by Adnan Sen have a reputation of grand interiors, and this one is no different. A spacious double-height entrance hall follows the frontage finished with polished white stone. At the far end, it a floor to ceiling glass, which creates an expansive light accumulation. A staircase marks the center of the room as it curves its way to the next floor.

There is a lot of metal glass plus detailing lights along the staircase, which brings out the unique quality of this feature. All seven bedrooms only speak quality and luxury designs and décor with the owner's suite having twin set walk-in closets and baths.

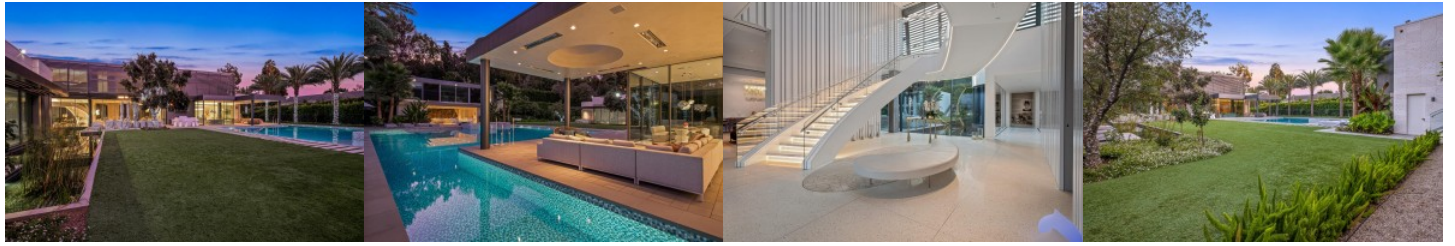

Back to the ground floor, it is all about comfort and rest. The kitchen features a world-class design with a chef home-like feel. The wine cellar complements this as well. For leisure, there is a garden room with sun-filled features and an exceptional fireplace by Gerard Colcord, one of the world's renown architects. Other interior features include the gym and a movie theatre.

Spacious Exteriors

The exterior of the [luxury property in Beverly Hills](#) is a perfect blend of both city and country living. There is a discrete screening that ensures privacy, and both the house's front and upper front demonstrate peaceful seclusion. Landscaping, garden design, and even the resort and spa, show space luxury and a detailed work of art. Its L-shaped swimming pool is probably among the largest in the location, which is quite impressive.

The Epitome of Style and Class

With such an impressive and detailed design, Adnan Sen on Netflix sure is an excellent pick. 1021 North Beverly Drive portrays beauty, class, and luxury worth every dime spent on building and owning the property in Beverly Hills.
