

Babu Manathra Eapen, MD, FACP, FCCP, FAASM, a Pulmonologist with Southwest General Health Center

Get to know Pulmonologist Dr. Babu Manathra Eapen, who serves patients in Middleburg Heights, Ohio.

New York City, Jul 1, 2020 ([Issuewire.com](https://www.issuewire.com)) - Named a Top Pulmonologist by Cleveland Magazine in 2019, Dr. Eapen's areas of expertise include pulmonary disease and sleep medicine. At present, he works at Southwest General Health Center in Middleburg Heights, Ohio.

Founded in 1920 by local residents responding to a flu epidemic, Southwest General Health Center has always been a hospital committed to supporting the community. It is home to nationally recognized physicians, state-of-the-art technology, and a full range of medical, surgical, and emergency services, including a Level III trauma center. As stated by the mission of the hospital: “Health is our Passion. Quality is our Focus. Compassion is our Way.”

The doctor’s medical career began after he completed his medical degree at the Government Medical College, Kottayam in India in 1982. Upon relocating to the United States, he served his residencies in internal medicine at Lutheran Medical Center & MetroHealth Medical Center, followed by his fellowship in pulmonary/critical care at University Hospitals in Cleveland.

Following his training, Dr. Eapen became board-certified in pulmonary disease and critical care medicine by the American Board of Internal Medicine, a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

As a testament to his success, he attained Fellowship status with the American College of Physicians (FACP), the American College of Chest Physicians (FCC), and the American Academy of Sleep Medicine (FAASM).

Pulmonology is a medical specialty that deals with diseases involving the respiratory tract. A pulmonologist is an internal medicine physician who specializes in preventing, diagnosing, and treating conditions and diseases that affect the lungs, bronchial tubes, and the respiratory system, including the nose, pharynx, and throat.
