Nobody likes poorly designed and structured houses for living a peaceful life. Considering these main points in mind, a well-known firm is working for over a decade in Atlanta named Bonsai Architectural Designs that provide quality-oriented **best architects in Atlanta**.

Bonsai Architectural Designs is one of the **best architects in Atlanta**. This company makes dreams come true by designing, constructing, or building ideal houses for its customers.

This Atlanta architect is owned by renowned Corey Austin who is utilizing his knowledge, education, and experience for planning and constructing unique architectural houses.

This Atlanta architectural firm provides its services in Georgia, North Carolina, South Carolina, and Tennessee. These areas have the best team who is working to construct the best architects there according to the location, environment, weather, and facilities.

Bonsai Architectural Designs has a team of enthusiastic, creative, and professional expert designers and engineers who are equally putting their efforts into providing the **best architects in Atlanta**. Its main pillars are Corey Austin(Head), Justin Mizell (Director of Operations), Lori Wood, Alan Cornelison and Steven Teaster (Head design Executives), Brittney Austin (Office Administrator), Jake Allen (Head Design Executive & Real Estate Specialist), Cody Pless (Licensed Architect), John Weed (Lead Drafter), and Bill Hamilton (Structural Engineer). They all passionate about their jobs and work hard to make beautiful designs for their customers.

They treat their customers like a family. They listen to their problems and give the best solutions and pieces of suggestions based on experience. Their customer service is highly satisfied and up to the mark.

"Bonsai Architectural Designs is one of the most recognized design firms in the Atlanta area. Our reputation was built on performance, trust, and most importantly, creativity. We love what we do and are constantly looking for new sources of inspiration," said Corey Austin, CEO/Owner of Bonsai Architectural Designs(BAD).

Best architects in Atlanta provided services are as follows:

- Drawings
- Additions
- Covered and uncovered porches
- Sunrooms
- Remodels
- Commercial
- 3D Renderings
- Interior Designs
- Exterior Renovations

In addition to these basic services, they are specialized and skilled to build modern and contemporary houses, craftsman style houses, lake homes, farmhouses, and A-Frame based residential structures. They do not only construct a new home but also rebuild the existing ones by analyzing the whole structure or its pros and cons.

Bonsai Architectural Designs works from start to finish. This home builder first does a complete survey on the project then innovates the ideas, makes plans, and constructs the residential structures whether a customer hands over them detailed designs, ideas, or just a budget. This **Atlanta architect** based firm provides its customers with satisfactory output with the help of trusted designers, creativity, architects, and engineers who ensure the durability and comfort of the client through constructing dream houses.

This **Atlanta architect** home builder has so far completed numerous projects and has thousands of satisfied customers in Atlanta and surrounding areas. The most famous ones are Baldrige Lake cottage, Maysville Lakehouse, Rebel road lake house, and much more. These projects depict their creativity, idealism, artistic approach, and professionalism.

"I worked with Bonsai Architectural Designs LLC over a month ago to remodel my very outdated kitchen and they did an amazing job! They worked very hard and extra-ordinary. Every detail ties in perfectly, I love my new kitchen! Very modern and clean," said Jannette Deady, a customer.

This Atlanta architectural firm has been ranked at number one position on Houzz due to the dedication of Corey Austin and his team's hard work.

"Everybody has a passion that can actually make the world a better place to live. Designing beautiful Architecture is mine," said Corey Austin, Owner of Bonsai Architectural Designs(BAD).
