Los Angeles, Jul 13, 2020 ([Issuewire.com](https://www.issuewire.com)) - Patodia Organics is part of the large Patodia group, a family-run entity, spanning over 100 years in the field of cotton textiles. The group has an annual turnover of ~ USD 75 million. Deven, an MBA from Yale University, started manufacturing of custom cotton bags in 2007. Having studied and worked in the US for 10 years, he brings a much-needed outside perspective to the business. [Bag Studio](#), the company's bag division, is focused on providing custom-bags solutions to the promotional, packaging, and retail industry, worldwide.

Our portfolio includes the production of tote bags, shopping bags, drawstring pouches, and grocery bags for daily usage. We specialize in the fabrication of organic cotton bags which include cotton mesh drawstring pouch and cotton fishnet shoppers.

For 10 years, we are a leading producer of shoe bag, string bag, jute bags, dust bags and drawstring pouch to countries like USA, Canada, and the UK. With our commitment to conscious manufacturing, we make reusable shopping bag, eco bag, and organic cotton bags and supply to notable European nations which include France, Netherlands, Spain, Denmark, Sweden, and Italy. Having a wealth of experience in delivering bulk canvas shopping bag, cloth bags, carrier bag and beach tote, our products have reached to Norway, Singapore, Australia, New Zealand, we pride ourselves on the quality of supply.

We manufacture custom bags in our dedicated facility with annual social-audits of BSCI and SEDEX 4-Pillar. For organic cotton bags production, our factory is GOTS-certified and our supply-chain is set up to source raw material from GOTS-certified partner vendors only.

There are a number of ethically-conscious initiatives we take on an ongoing basis to make a positive social impact on the people working in our organization by hiring from the local community in our factory neighborhood to enable a better quality life. We actively encourage and participate in local sports events, functions and social awareness drives. Our company is focused on conscious-manufacturing by providing fair wages with guaranteed 100% compensation in a timely manner and bonus every year. We extend special grants for events such as marriage or death in the immediate family.

Our working hours are designed to allow women to take care of household chores in the morning and evening without disrupting their ability to earn wages. Women workers have access to private changing rooms as well as washrooms. We have a sexual harassment committee comprising of workers and a member from the factory management team.

With our primary focus on manufacturing and export of quality cotton, organic cotton, recycled cotton and biodegradable cotton bags we cater to all areas from promotional to packaging, and Re-selling segments with our ever-increasing range of produce bag, cotton string bag, cotton mesh pouch and cotton bag. Whether you are a brand or a start-up, we make reusable grocery bags, recycled shopping bags, cotton produce bags, eco-bags, shopping bags wholesale for all.
