Offering the highest level of professionalism, he is also the creator and founder of Rox Spa, a state-of-the-art medical spa for non-invasive aesthetic treatments. He strives to achieve safe, effective, and pleasing results for his patients.

Among his professional affiliations, he is an active member of the American Society of Plastic Surgeons, the Rhinoplasty Society, the Los Angeles Society of Plastic Surgeons, and the American College of Surgeons (Fellow).

In regards to his educational background, Dr. Calvert attended Vanderbilt University in Nashville, Tennessee for his undergraduate degree in Molecular Biology. He then moved to Manhattan and attended Weill Cornell Medical College on the Upper East Side of New York City. It was there that he

realized that plastic surgery was his calling and thus, he achieved admission into the prestigious University of Pittsburgh Graduate School of Health Sciences at their Combined Plastic Surgery /General Surgery Residency Program. He spent two years in the lab and wrote two patents with his co-researchers at Carnegie Mellon University in the Robotics Institute.

With a precise surgical hand and keen eye for detail, the doctor is board-certified in plastic surgery by the American Board of Plastic Surgery (ABPS). The mission of the ABPS is to promote safe, ethical, efficacious plastic surgery to the public by maintaining high standards for the education, examination, certification, and continuous certification of plastic surgeons as specialists and subspecialists.

Due to his utilization of advanced methods and his expertise in cosmetic surgery, Dr. Calvert is an international speaker on plastic surgery, attending conferences and seminars all over the world. He has been seen on national television on shows such as The Tyra Banks Show and The Doctors TV show.

Additionally, he has published many articles about rhinoplasty and secondary rhinoplasty and pioneered many new techniques that have helped his patients get the best results possible.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories - reconstructive surgery and cosmetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.
