

Let's commemorate Dr. Bonnie Henry

Dr. Bonnie Henry has helped guide and protect our communities with one of the best COVID-19 response strategies in the world.

Vancouver, Jul 3, 2020 ([IssueWire.com](https://www.issuewire.com)) - Since it first swept into our lives, COVID-19 has brought with it so much fear and uncertainty. What Canadians needed was a strong, informed and kind voice to help guide us and keep us safe through this crisis. And we most definitely found that in Dr. Bonnie Henry.

Her tireless dedication has helped protect our communities, and we think that now would be a perfect time to express our gratitude and to commemorate her service. So, we've come up with an idea that we think would be an inspired – and beautiful – way to do this.

Please go to the link below to learn more about it (and add your voice to our petition).
