

## Medsynaptic completes installation of Medsynapse PACS during COVID-19 in record time

Medsynaptic Pvt Ltd is Pune based leading PACS (Picture Archival & Communications System) & Teleradiology company from India developing cutting edge Healthcare IT solutions.

**Pune, Jul 4, 2020 ([Issuewire.com](https://www.issuewire.com))** - **Medsynaptic Pvt Ltd** announced that their True Web-based PACS - **MEDSYNAPSE** has gone live at the ultramodern 750 bed Royal Care Super Specialty Hospital in Coimbatore, within a record time despite the challenging COVID-19 situation.

To replace the old GE PACS, Medsynaptic was given the challenge of delivering all-new hardware and their Medsynapse PACS system urgently as PACS (Picture Archival & Communication System) is critical for the functioning of the radiology department.

Despite the current prevailing situation in India, Medsynaptic delivered the necessary servers, installed all the hardware, implemented & connected their Medsynapse PACS software to the imaging equipment and trained the users within a record time of 10 Days. The hospital went live with Medsynapse PACS within 10 days of placing the order.

It's important to note that Medsynapse PACS has already been certified as secure against malware by CERT-IN empanelled agency.

**Dr K Madeswaran, Founder-Chairman** of Royal Care Super Specialty Hospital said "We heard a lot of good things about Medsynaptic and our confidence in their abilities was proven with the speed and professionalism of their approach to ensure our hospital got an excellent PACS up & running so quickly"

**Dr. Ashish Dhawad, CEO** of Medsynaptic said "I am glad our team was able to deliver on the customer expectations even during this pandemic. I am happy to mention that the Philips ICU monitoring application has also been integrated into our Medsynapse PACS showcasing our innovation capabilities."

"We could have completed the Go Live of Medsynapse within 7 days, but a faulty part in the Server had to be replaced which took a couple of days to deliver causing some delay" mentioned **Mr. Gowri Shankar, AVP (South)** of Medsynaptic proudly.
