

Meet Siddhant Thakran: Youngest Serial Entrepreneur from India

This entrepreneur started using computers at age six, and was developing websites by the age of nine. Not all youngsters have the determination and focus achieving a goal requires, Siddhant is one of the few.

revolution in this world. Out of all the success stories you have heard of, probably the most exciting and motivating ones are those where young adults and teenagers are striving and thriving in this digital era. One name that is creating a buzz is Siddhant Thakran.

Siddhant Thakran (a.k.a Siddhant Kumar), aged 18, is One of India's Youngest Entrepreneurs, he is an inspiration that it's neither never too late nor never too early to pursue your dreams of being a business owner. In 2020, he has launched Webtenium Ventures, a cutting-edge company devoted to web development, marketing, management, and branding. It is a new startup but it has clients and a fully-fledged team of developers, designers and market strategists. As the CEO and founder, He is responsible for taking care of the clients and guiding the creative team to success. The aim of the company is to develop a simple technological solution for the digital world.

This entrepreneur started using computers at age six and was developing websites by the age of nine. Not all youngsters have the determination and focus achieving a goal requires, Siddhant is one of the few. He has been creative and overall confident about his interests since childhood. Since high school, he has been an outstanding networker. He was aware of the need to venture in the tech space and hence opened his own startup.

He is a young genius one might say. He excels in Digital Marketing, Talent Management, Celebrity Management, Event Management, and Web Development. He is Google Adword Certified and is qualified in 'Advanced Marketing in Digital World' from Curtin University, Australia.

Over the past few years, Siddhant has managed and developed many big names in the entertainment industry, charting their tracks on many social media platforms, helping them maximize their digital presence. He is also very famous on social media platform because he inspires people by sharing his journey.

He knows how to promote his own works and his clients' events via the internet. He knows digital marketing inside out, and that's the main reason for his success. He is already a famous name and leading entrepreneur in the world of digital marketing in India. He has experience of working with top most companies worldwide and his experience of working with top most companies have helped him learn every bit of the digital world. His knowledge and his hard work have helped the rapid growth of his company. They promote reality TV stars, singers, actors who are trending amongst the youth.

What makes him different from others is his hunger for discovering. He is always looking to freshen up the traditional ways of digital marketing, and because of this, he has learned innovative techniques quicker than the majority of the market. Experts like Siddhant are an inspiration for many in today's time, and he feels you should be confident and always believe in your strength. Once you believe in yourself, others too will believe in you and your work.

What's next in line for this guy, one may ask. Well, Siddhant is adamant on expanding his business internationally as well. And he is not going to stop until he does that.
