One big challenge for today's millennial youth is how to build a personality with an edge? While fashion has always been an innovative landscape and is known for developing new trends, the advent of social media makes it more visible than ever before. This digital disruption broke down barriers and allowed creative and influential people to make a name of themselves in the world of fashion. One such name is **Irfan Khan Yousafzai**, Irfan began his career as a print model and is now one of the great male men's lifestyle influencers. 3 years and more than thousands of followers, Irfan uses his Instagram blog to express his emotions for fashion/lifestyle and grooming products to influence the world how even they can express to their outer world by proving them solid style and grooming ideas which articulate their personality and give them the right edge.

The perfect combination of urban clothing and beauty grooming products describes Irfan's unique style. Let's get familiar to this guy who is an expert in dressing and has been inspiring youth with his content. Within no time, his fashion and beauty products updates on how to experiment and make people aware about latest fashion trends with men's grooming products made him popular among youth and stand his blog out of the crowd!

Talking about his journey Irfan says, "My Instagram blog provided me with a platform to speak to the world, helped the youth to enhance their personality and motivated them. I have realised there are many men out there looking for proper guidance and insight to overcome their obstacles and reclaim power."

Fashion and beauty tips, style and grooming session to address and cope up major issues like ageing, beauty flaws, lack of confidence in youth is what Irfan is currently focusing on! "Self- confidence is the best outfit, rock it and own it," he added further.

His social media handles are a must-follow for every man. From fashion and grooming accessories to automobiles and technology, Sarang's blog covering all aspects of lifestyle.
