

Prashanth Mannam, MD, an Internist with Mannam Medical and Wellness

Get to know Internist Dr. Prashanth Mannam, who serves patients in New York.

New York City, New York Jun 28, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dr. Mannam has over two decades of experience as an internist and primary care provider. Offering patient-focused care, he is the owner & operator of Mannam Medical and Wellness in Bronx, New York.

With good health as a top priority, Mannam Medical and Wellness is a progressive health care center serving patients aged 12 and over. Dr. Mannam, Leslie Beckford, PA, and the team of experts at the Center offer state-of-the-art diagnostics and personalized treatment using innovative medical technologies. From annual physical exams and management of high blood pressure and high cholesterol to diagnosing and treating depression, they dedicate themselves to the physical, spiritual, psychosocial, and psychological well-being of their community.

"I hold myself to an extremely high level of excellence in every aspect of my practice. This includes the care I provide, the equipment that I use, the health and safety protocols that I follow, and the incidental services that I offer. Above all, my aim is to provide each of my patients with an optimal experience." expressed Dr. Mannam.

A 1999 graduate of Madras Medical College in India, he served his internship at the Madras Medical College General Hospital. After spending a year honing his skills as a primary care physician at Kommalapati Nursing Home in Ongole, he moved to the United States, where he completed his residency in internal medicine at New York's Montefiore North Medical Center in the Bronx.

Driven to constantly improve his knowledge in the area of internal medicine, Dr. Mannam frequently attends educational conferences and professional society meetings to learn about the latest advancements in the field and offer these techniques and technologies to patients.

An active member of the American Medical Association, he is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Committing himself to providing personalized medical care to his community, Dr. Mannam speaks several languages fluently, including English, Spanish, Hindi, Tamil, and Telugu. He takes his time with each patient, never rushing anyone, and answering questions thoroughly.

"I strongly believe that patient education is an important part of the services I provide. In addition to talking with patients during exams and throughout the course of treatment regimens, I have provided extensive information on the conditions, treatments, and procedures relating to internal medicine" as stated by the doctor.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

Outside of his practice, Dr. Mannam stays active by playing racquetball and tennis. He also enjoys

listening to world music and reading.
