POWERED BY VOLVERE SOLUTIONS.

Vadodara, Jul 2, 2020 (Issuewire.com) - Approx 1.5 months when Our honorable PM announces Aatma Nirbhar Bharat and vocal for the local campaign the team feels that this is a thing on which they should work. Volvere have started brainstorming for so many days and ultimately after 15-20 different ideas on this concept Volvere land to the final idea which is our live product Know My Brand. There are 5 key people Punit Bhatt, Jeel Doshi, Deepali Shah, Abhi Savadiyawala, Ankit Shah.

The idea behind the Know My Brand was simple to empower Indian business and to encourage people to buy more Indian products at least made in India products. As the first version of the app, the team wants to make it a simple yet useful user interface to create the most amazing experience for each user. From 20 year old to 60 years old everyone should be able to use this app. The toughest part was to research and collect the data of 562 brands.

Volvere have specifically launched an app with 562 brands to give a little tribute to our nation's one of the greatest leader of all time Sardar Vallabhai Patel who has done tremendous work to build our nation by connecting 562 princely states into one country.

The key features of the KnowMyBrand app:

562 brands:

If you go to the market and want to know that the product is an INDIAN or not then you can directly scan the barcode and get the result within 10 seconds.
