

Warrior Table Soccer enters European marketplace

Tafelvoetbal Nederland named Exclusive Distributor

Hesperia, Jul 11, 2020 ([Issuewire.com](https://www.issuewire.com)) - Warrior Table Soccer names Tafelvoetbal Nederland to be the Exclusive Distributor of Warrior products in Europe. This alliance makes Warrior's professional foosball tables available throughout all of Europe. "We have been besieged with interest in our award-winning, value-priced table globally, but the expense of shipping has limited sales substantially. I have been working for a couple of years to find the right company to bring our tables to families outside of the US. Working closely with Joran Rombouts, of Tafelvoetbal Nederland I am fortunate to find the best

possible Distributor for our product line," said Tom Mosher, Director of Sales and Marketing.

"Providing families with great playing, safer foosball tables at an exceptional value has always been the target here at Warrior. Availability in the European market will help us grow much more quickly," says Founder & President Brendan Flaherty.

Filling the Void

"I was looking for a foosball table manufacturer that would help me grow this great social sport nationally. After evaluating all of the available tables, Warrior stood out for its play and value. The team at Warrior has been instrumental in helping me turn my dream into reality," said Joran Rombouts, of Tafelvoetbal Nederland

Product Availability

Warrior Products will be immediately available for pre-order with first containers scheduled to arrive by mid to late August 2020. Founded in 2003, Warrior Table Soccer has produced foosball tables designed to allow for a very high level of play while remaining affordable for most families. The company offers a wide range of foosball products and services designed to bring families and companies together.
