

Zachary E. Gerut, MD, FACS, a Plastic Surgeon in private practice

Get to know Plastic Surgeon Dr. Zachary E. Gerut, who serves patients in Hewlett, New York.

New York City, Jul 20, 2020 (Issuewire.com) - Dr. Gerut is a dedicated, caring, and internationally recognized plastic surgeon in private practice in Hewlett, New York. His 25+ years of experience have given him the opportunity to change the look and improve the self-esteem of thousands of men and women on Long Island and New York City.

Some of the cosmetic services that he offers for the body, face, and breast include liposuction, tummy tuck, lower body lift, arm lift, thigh lift, Brazilian butt lift, breast augmentation, breast implant revision, breast lift, breast reduction, facelift, forehead/brow lift, nose surgery, chin augmentation, lip augmentation, as well as other non-surgical treatment options.

Committed to excellence, the doctor has pioneered and published new surgical procedures and has invented new surgical devices. He has also been a consultant to many biomedical companies, including Baxter, which is a global force in medical and surgical innovations.

Throughout his academic career, Dr. Gerut attended Brandeis University and then the University of Massachusetts Medical School, graduating with Special Distinction in Surgery. He served his internship and residency at Montefiore Hospital – Albert Einstein Medical Center in New York, after which he became an Assistant Clinical Professor of Plastic Surgery. He also serves as the Medical Director at the Touro University Physician Assistant School.

Bringing a vast wealth of experience and knowledge to his field, he is board-certified in plastic surgery by the American Board of Plastic Surgery (ABPS). The mission of the ABPS is to promote safe, ethical, efficacious plastic surgery to the public by maintaining high standards for the education, examination, certification, and continuous certification of plastic surgeons as specialists and subspecialists.

A Fellow of the American College of Surgeons (FACS), Dr. Gerut is a member of the American Society of Plastic Surgeons, the Medical Society of the State of New York, and the Nassau County Medical Society.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories - reconstructive surgery and cosmetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.

Dedicated to the field of aesthetic plastic surgery, Dr. Gerut has been a member of — and has lectured internationally at the meetings of — the prestigious American Society for Aesthetic Plastic Surgery. His innovations in cosmetic surgery have led to numerous newspaper and magazine articles, as well as national and international television appearances. With all these accomplishments, the plaque he treasures the most was given to him by the FDNY, made from World Trade Center Steel, for his service at ground zero on 9/11.
