

Bambinos.in as a leading online learning platform for children

Bambinos- online classes for kids with holistic development

Delhi, Aug 11, 2020 (Issuewire.com) - Bambinos.in is proud to announce that it has become one of the leading **online learning platforms** for children from the age of 1 to 18 yrs old in India. Bambinos take great pride in announcing that it offers more than 50, [live online courses](#) to kids. These courses are conducted by expert teachers and mentors. The main focus of bambinos is to help in **personality development for children**.

The newest update with which bambinos.in has now come up with is the start of featured classes. These classes are the most popular classes for the day. It is made to inform parents of what classes are being enrolled by most of the children. There is a separate category for each subject like English, maths, science, arts and crafts, etc. Apart from academics, bambinos have also come up with extra curriculums like singing, dancing, yoga, **personality development**, creative writing, [storytelling for kids](#), etc.

Bambinos is one of its kind to provide the visitors with so many services at a single place. It is a one-stop destination for parents who want their children to do great in life. Bambinos have also given the liability to parents to just sign up to their website and without any payment and bookings, their children or even they can enjoy two **live online classes**. These classes are completely free of cost and with that, it also lets the visitors to get the courses according to their pocket. One can pay for one class of a certain course or for the whole month, it is completely upto the parents. [Online foreign language courses](#) is one of the most enrolled course in bambinos.

The courses offered by bambinos have very unique names like twisty tales for **arts and crafts for kids**, stay ahead of the curve for **personality development** and mad scientist for kids who have enrolled in [online mathematics courses](#) and science classes. One of the key benefits of going for bambinos is that it

gives children so much flexibility in selecting their time slot. Children can select whichever time slot fits them and the best teachers will be available at that time for the kids. The fee for these classes varies from Rs 75 per class to Rs 250 per class. One can book demo classes at any time they want.

About the company-
