

Best Skincare Aesthetic Clinic in Singapore Guide | An unbiased review of reviews

Singapore, Aug 6, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.

Here is our take of the best aesthetic doctors in Singapore for all your skincare needs.

Paragon Joyce Lim Clinic

Dr Joyce Lim is an accredited dermatologist with both the MOH in Singapore and in Malaysia. Dr Joyce Lim has over 30 years of experience treating medical and cosmetic skin problems in both children and adults

Dr Lim graduated from the Medical Faculty, the University of Malaya in 1978. She completed her Internal Medicine specialisation and was admitted as a physician member of the Royal College of Physicians and Surgeons of Ireland. Thereafter she served as a consultant physician with the Ministry of Health, Malaysia till 1988. Dr Lim was subsequently conferred the Fellowship of the Royal College of Physicians and Surgeons of Ireland in 1992.

Dr Lim completed her dermatological training at the National Skin Centre, Singapore in 1991 and went on to sub specialise in dermatologic surgery and laser surgery. She also did preceptorships under renowned dermatologists/dermatologic and laser surgeons in both Europe and the USA.

Dr Lim was the first Division Head, Dermatologic and Laser Surgery at the National Skin Centre, Singapore till 2000 when she left to start her own practice, the Joyce Lim Skin and Laser Clinic at the Paragon in Orchard Road, Singapore.

National Skin Centre. Prof Goh CL

The National Skin Centre (NSC) is an outpatient specialist dermatological centre with a team of dermatologists who have the experience and expertise to treat all skin conditions. It handles a patient load of about 1,000 patients daily.

National Skin Centre started its operations on 1 November 1988 after taking over the treatment of skin diseases from Middle Road Hospital. This government-restructured institution is a subsidiary of the National Healthcare Group (NHG) and shares the NHG vision of “*Adding years of healthy life*”.

As a tertiary healthcare institution, National Skin Centre provides specialised dermatological services, trains medical students and postgraduates, and undertakes research in dermatology.

National Skin Centre also conducts Continuing Medical Education for doctors and paramedical personnel. Its researchers ensure that patient management is best tailored to the local population.

Patient review:

From Penny Sakri. In Indonesia, over the last 3 years, I have seen 3 dermatologists, but none could help me and 1 even made it worse with laser toning. I have dry sensitive skin, prone to breakouts and a stubborn mix of melasma and sunspots. I came all the way from Jakarta and did my pigmentation treatment with Dr Daniel on the recommendation of my girlfriend. I did Pico-Laser and IPL with him. I was pleasantly surprised it was near pain-free and bruise-free. My friend was not wrong, Dr Daniel has very good hands! Now my skin is >50% cleared of pigmentation. First time in 55 years of my life!
