Singapore, Aug 12, 2020 ([Issuewire.com](https://www.issuewire.com)) - Leading digital finance platform [Bitrue to list XinFin's mainnet coin XDC](#). The trading pairs XDC — XRP, XDC — USDT will be open for trading on 13 August 2020 at 4 PM (UTC+8) as per the [announcement on twitter](#). Listing on the world-class exchange will help the institutions to easily access XinFin mainnet token and exploit its utility. Trading XRP, USDT against XDC will make the easy availability of XDC to a large cryptocurrency community fostered by Bitrue exchange.

The XinFin mainnet token XDC creates an opportunity to utilize XinFin's real-world use-cases such as [TradeFinex.org](#) (ADGM Reg Lab Entity) that helps small/medium businesses or institutions originate their own financial requirements in a digital, fully structured manner so that they can distribute it to the bank or non-bank funders themselves using a common distribution standard. [Mycontract.co](#), a middleware that connects any two centralized systems using decentralized APIs, is also running on XDC blockchain Network. And finally, [Blockdegree.org](#), a decentralized app on XinFin XDC Network, is a peer to peer online education tool that lets students or anyone interested in learning new skills do so in a completely online environment. An immutable certificate stored and generated on the XDC Network after an online exam helps students share their skill set to the world and potential recruiters.

The XDC network enables various developer-friendly tools like the one-click installer, XinPay, Remix, and wallets, to help developers quickly deploy apps, Dapps, or a smart contract on the XDC blockchain network. It also encourages young developers to develop Dapps on the XinFin network by giving attractive bounties.
