Boosters Zone LLC is excited to announce that its' "Beautiful Baby Photo Brackets Contest" will begin on August 15, 2020. The competition is a virtual fundraiser for a variety of charities. 16 contestants have been chosen from a variety of different sports.

Haverhill, MA., August 4, 2020, The first round consists of 8 contests where contestants with a large following have been paired with contestants with low followings. The idea is to have people vote by donating an odd amount such as \$1, \$3, \$125, etc. Odd amounts give points. Even amounts take points away from the contestant. Therefore, a donation of \$10 will take 10 points away. Each week contestants need to net out more points than their opponent to advance the next round.

The final winner will receive ‘The Silver Sippy Cup’ trophy in addition to a Grand prize. Contestants can receive a lot of money but lose points from even donations. The charities will receive approximately 80% of the funds raised.

The proprietary software known as [“Bracket Bucks”](#) is the idea of Boosters Zone LLC president E. Philip Brown, who based the idea on fundraisers he had been involved in though his experience as an educator and community activist.

[Boosters Zone](#) publishes books as fundraisers for schools and non-profit organizations. The books are free for the organizations that they are raising funds for, while the clients sell books for fundraising. They raise money for books by selling ads and sponsorships to local businesses.

Many schools and non-profit organizations are looking for fundraising ideas. Boosters Zone provides the most creative and unique approaches that leave a profound impact on the audience, and help organizations raise more and more money for their goals.
