

## **CannedWater4kids tees up million-dollar shootout/ fundraiser. A hole-in-one wins a lucky golfer \$1,000,000**

Entry fees and donations collected will help support CannedWater4kids and their mission to make sure all children in the world have access to sustainable, clean, safe drinking water.

**Waukesha, Aug 24, 2020 ([IssueWire.com](http://IssueWire.com))** - Qualifying for the CannedWater4kids Million-Dollar, Hole-In-One shootout begins today at the [Fairways of Woodside Golf Course](#) in Sussex, WI.

The event is open to amateur golfers as defined by the USGA Rules of Golf. Participants must be 18 years or older.

To be eligible, individuals must purchase "shots" on the golf course or online at [www.golfcw4k.com](http://www.golfcw4k.com).

Participants qualify by hitting their ball 165 yards and landing it completely inside a 15-foot diameter circle that is placed surrounding the hole.

Each shot will be measured from the edge of the cup to the center of the ball.

10 amateurs having the most balls inside the circle and closest to the hole will advance to the Million Dollar Hole-in-One Shootout to be held on Sunday, August 30, at 6 pm.

"Most golfers I know always like to see how close they can get to the hole," said Greg Stromberg, CW4K founder, and CEO." "Plus, having a chance at a million dollars while helping to support our nonprofit focused on saving children's lives, becomes a win-win."

### **Where:**

The Fairways of Woodside Golf Course, W235N8518 Clubhouse Circle, Sussex, WI 53089 Phone: 262-246-7042

### **When:**

Qualifying rounds: Aug 24 through Aug 30 from 7 am to 4 pm

Million-Dollar Shootout: Aug 30 at 6 pm

**Qualifying shots may be purchased on the golf course or online:** [www.golfcw4k.com](http://www.golfcw4k.com) (2 Shots = \$20)

### **About CannedWater4Kids**

CannedWater4Kids is a 501c3 nonprofit based in Sussex, WI. The organization's purpose is to ensure all children have access to clean, safe drinking water. CW4K funds its initiatives with cash donations, grants, and selling their premium drinking water in aluminum cans and bottles.

### **Quick Stats:**

- Cw4k - 501c3 nonprofit established in 2008
- They've funded and provided 35 sustainable wells and water purification systems.

- Have supplied the Red Cross and others with over 3.5 million cans of emergency relief drinking water.
- Ninety-five cents of every dollar collected from the sale of their water supports clean water projects and education.
- Cw4k estimates that the sale of their drinking water in aluminum bottles and cans has kept over 5 million plastic bottles out of our oceans, lakes, and landfills.

Available in 16oz aluminum bottles and 12oz cans, [CW4K premium drinking water](#) is perfect for home, boardroom, office meetings, school, hospitality, fundraising, and vending.

Projects include assisting the University of Wisconsin – Milwaukee's Engineers Without Borders in bringing sustainable water purification solutions to Guatemala's highlands and support for well/water tank and Bio Sand Filter projects in Zambia, Kenya, and Tanzania, Africa. Other work includes disaster and hurricane relief - sending truckloads of canned drinking water to Michigan, Texas, Florida, and Puerto Rico.
