

Daniel Chang MD | Medical Director of Asia Aesthetic Clinic Center

Safety First | FDA HSA approved treatments only

Singapore, Aug 4, 2020 ([IssueWire.com](https://www.issuewire.com)) - Recognized as a kind and compassionate doctor, today after performing over 10,000 non-surgical cases in laser, botox, dermal filler, and thread-lift, Dr Daniel Chang continues with the same priorities in mind, to help patients look and feel their very best. Serving patients compassionately and with evidence-based expertise, his main mission is to have a positive impact on the lives of all patients and to make a difference in their lives.

Specializing in 1. Non surgical facelift 2. Non surgical noselift 3. Acne scars and pigmentation, Asia Aesthetic Clinic Center is committed to providing the highest standards of care through providing the most advanced and effective skin treatments available; treating every patient with respect and personalized attention; and creating a welcoming, comfortable environment.

In addition to his clinical practice, Dr. Daniel Chang teaches doctors in the region in advanced Medical Aesthetic treatments. Passionate about his profession, he has authored multiple articles and sits on the Editorial Board of International Peer-reviewed Journals. In 2018, he was awarded Realself Top doctor.

During the Covid-19 outbreak, I learnt that Dr Daniel Chang answered the nation's call and volunteered as a medical frontliner in the dormitories in Singapore... manning the dormitories on-site in Community Isolation Facilities and the main Community Care Facility at Expo. Having 3 young girls in his home, he had to make the sacrifice of sleeping in a separate room, eating separate meals, and minimising contact with his family. A doctor with pure compassion and kindness.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.

Outside of work

Outside of work, Dr. Daniel is dedicated to spending as much time as possible with his wife and 3 daughters. He volunteers at a church free clinic, providing medical care to the poor and underprivileged.

You may do so via his personal blog - drdanielchang.com (where he writes about self care and medical aesthetics) or Asia Aesthetic Clinic Center.

Here are a selection of patient reviews over the years...

Jewel from Malaysia | I came all the way from Malaysia and did my non surgical facelift with Dr Daniel on the recommendation of my girlfriend. It was my first time and I am generally very afraid of pain. So I was pleasantly surprised it was near pain-free and bruise-free. My friend was not wrong, Dr Daniel has very good hands!

Nurse Lin from Singapore | I did my diligence researching online to understand more about my acne scars

- 1) My acne scars are permanent
- 2) Improvements will not be 100%

That said I referred to sites like hardwarezone and realself before deciding on Dr Daniel Chang. His rates may not be the cheapest, but i still feel its good value for money considering his experience and expertise. I have since had a 50% improvement for my severe acne scarring and my friends have asked if I had done plastic surgery!

Fiona and mum, longtime patients | A very friendly doctor with no airs, I am very comfortable with Dr Daniel as he is sincere and very down-to-earth. My mum and I go to him for our fillers every year since 2014. I know he has a dedication to make his patients look and feel their very best. And he won't hesitate to discourage us from treatments that are too expensive and nonessential.

Dr June, Dermatologist from Indonesia, trained by Dr Daniel in injectibles | He is a *Key Opinion Leader and regional trainer* for doctors, in the art and science of Medical Aesthetics. His specialties are | 1. Non surgical facelift 2. Non surgical nose lift 3. Pigmentation and Acne scars

Interesting fact |

A humble doctor, diehard runner, advocate of mental awareness and wellness, Catholic and family man, father of 3 beautiful princesses. Dr Daniel's dream is to retire on a farmhouse and write articles on Self Care, Self Love, and Self-belief.

Services |
