

Filter Youssef Chreiba creates the event, and Moroccan celebrities experiment with their latest looks

Mohammedia, Aug 21, 2020 ([IssueWire.com](http://www.IssueWire.com)) - After the "Instagram" site made it possible to use the Moroccan "filter", which is a muzzle bearing the colors of the national flag, created by the Moroccan young man Youssef Chreiba during the quarantine period, a number of Moroccan artists chose to look at the followers of their official pages on the social networking site. Instagram »with the Moroccan-made filter, after it was created and designed by * Blogger Fashion * Youssef Chreiba. On his Instagram page, Youssef Chreiba

Among those who called their audience the Moroccan "filter", Asma Lamnawar and Hatem Ammour, who published a video in which they appear as "the filter" and attached it to a comment that reads "a wonderful filter."

Commenting on the sweeping success of chreiba filter, Youssef said that the goal behind his design of the "filter" is his great desire to encourage people to wear masks that are considered compulsory, even after the authorities announced the decision to reduce quarantine measures, in the context of tackling the Coronavirus. Novelty.

It is noteworthy that chreiba had previously excelled in a set of designs, including the design of a "filter" for "Barbie Frickles Filter", which he sent to the administration of the "Instagram" platform and included it among the "filters" on its application, and it was tried by about 350 million users around the world. , And the young creative chreiba is preparing to release his own fashion line.
