Montreal, Aug 27, 2020 ([Issuewire.com](https://www.issuewire.com)) - Originally made by Gillette in the late 1950s and early 1960s, the Gillette Model 19i5 Fatboy is perhaps the most collectable, adjustable double edge razor ever made. Sought after by wet shavers everywhere and heavily prized Fatboys in good condition can command hundreds of dollars on online marketplaces. Fatboy has not been made in almost 60 years.

The Global Shave Clubs Fat Guy is a part for a part replica of a 1960 Gillette Model 195 Fatboy.

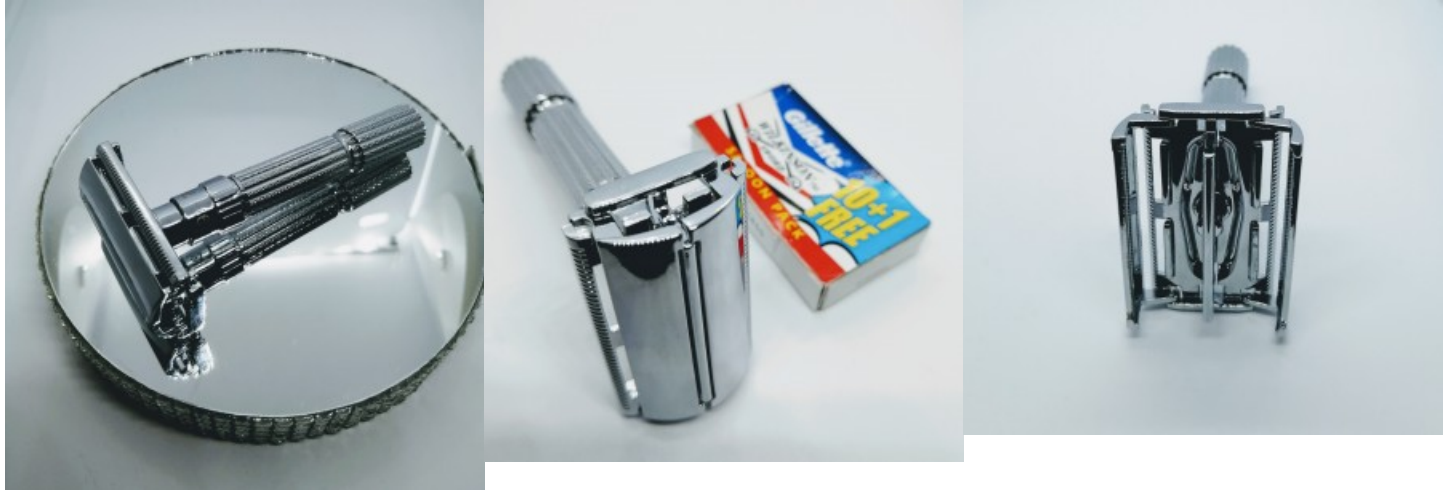

“Remaking this historic, vintage razor was a labour of love. We are proud to reintroduce this historic razor in late September,” said Sheldon Cwinn, president of Global Shave Clubs.

The Fat Guy razor, Global Shave Clubs name for the new razor, will sell starting at \$120.00 and comes

in both chrome and gold models.
