

German synth-wave music producer Morphoice drops his newest resonating magnificence named 'Rollergirl'

Eminent Synthpop artist Morphoice's latest creation 'Rollergirl' transpire eccentric symphony through the blissful union between nostalgic and futuristic melodies.

Baden-Wurtemberg, Heilbronn, Aug 6, 2020 (Issuewire.com) - Originated in the '80s, the futuristic genre of synthpop adapted to the electronic innovation of techno music and blossomed into an extraordinary musical form that is still as relevant as then, becoming a cult classic. Well-versed in this distinctive subgenre of new wave, prolific music producer and a synth-wave enthusiast [Morphoice](#) has been conquering the global synthpop industry and expanding his grasp over the mainstream music through his vaguely menacing electro beats. His recent release '[Rollergirl](#)' featuring Classy Williams is reminiscent of the vintage pop with a vivid influence of catchy synthesized hook.

Working with the renowned production house L-Tracks Records, the brilliant music producer always tries to deliver a musical singularity that reminds the audience of warm summer nights at the arcade. The retro and futuristic tonalities imbibed in his hypnotic soundscape reach their glorious peak through the blissful performance of the featuring musicians. The delightful symphony of the songs captured through beautiful harmonic progression and enchanting instrumentation transforms into danceable

melodies through optimization of his artistic craftsmanship.

Hailing from Germany, the gifted musician is on his way to the top with his iconic production 'Rollergirl' featuring dynamic vocals of Classy Williams. The captivating pop mixed with entrancing electro-synth creates a reverie of pure acoustic satisfaction. Producing warmer and more addictive synthesized tunes, **Morphoice** grafts them into an infectious dance beat that has the listeners swaying their hips onto the dance floor.
