Get to know Internist Dr. Harpreet Tsui, who serves patients in Las Vegas, Nevada.

New York City, Aug 11, 2020 ([IssueWire.com](https://www.issuewire.com)) - Drawn to the complexities of internal medicine, Dr. Tsui focuses on disease prevention and believes a healthy lifestyle can lead to a longer life. She joined Health4life in Las Vegas, Nevada as a board-certified internist & obesity medicine specialist.

Health4life is a Concierge Medical Clinic specializing in providing a proactive, preventative approach to healthcare for a patient population focused on living a healthy lifestyle. The basic tenets of Health4life are patient evaluation through an extensive understanding of a patient's medical history, lifestyle assessment, physical examination, and laboratory evaluation to establish a personalized proactive treatment plan consisting of proper diet, exercise, stress management, and appropriate medical interventions.

Growing up in the suburbs of central Florida, Dr. Tsui knew that she wanted to be a doctor from the young age of 4. She completed her Doctor of Osteopathic Medicine (DO) degree from Touro College of Osteopathic Medicine in 2008. Subsequently, she performed her residency in internal medicine at Valley Hospital Medical Center in 2011.

A Fellow of the American College of Osteopathic Internists (FACOI) and a member of the American Osteopathic Association, the doctor is board-certified in internal medicine by the American Board of Osteopathic Internal Medicine (ABOIM). The ABOIM is an organization that provides board certification to qualified DOs who specialize in the prevention, diagnosis, and treatment of disease in adults.

Furthermore, she is board-certified in internal medicine by the National Board of Physicians and Surgeons, which is committed to providing board recertification for both MDs and DOs that ensures physician compliance with national standards and promotes lifelong learning.

Dr. Tsui is also a Diplomate of the American Board of Obesity Medicine and has a passion for helping her patients reach optimal health through nutrition, physical activity, and stress reduction.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

With a seamless blend of passion and a wealth of knowledge in her field, Dr. Tsui is the recipient of Compassionate Doctor Recognition (2016), On-Time Doctor Award (2016, 2018), and Patients' Choice Award (2018).

The eldest of two daughters, she is the first doctor in her family. She has called Las Vegas home for over 10 years when she's not working, she enjoys spending time with her husband and children.
