huntington & ellis has made the
Inc. 5000 Fastest Growing Companies in America!

Las Vegas, Sep 1, 2020 ([IssueWire.com](https://www.issuewire.com)) - Top Las Vegas Real Estate Agency Is One of America's Fastest-Growing Companies Huntington & Ellis, home to some of the best realtors in Las Vegas, is #1,263 on the Inc. 5000 Fastest Growing Companies in America!

Growing 355% from 2016 to 2019 since its inception four years ago, the real estate brokerage

transformed from an idea to very real, prominent, respected and personal agency in the real estate industry. Huntington & Ellis has grown exponentially in both numbers and physical size, onboarding 50 agents within four years, and continues to grow.

Broker-owner Craig Tann has been a leading force in real estate for 16 years and has been recognized by Nevada Business Magazine, BBC News, the New York Times, the Las Vegas Review Journal, CNN, and CNN Unique Homes. With the help of a small but adept staff, Tann piecemealed and collaged his company into a unit of respectable, genuine agents who are some of the top performers in the country. According to Tann, his company is more than a brokerage. His focus is making his company a center of only the best agents of Las Vegas.

This is apparent in the company's exclusive reputation. Where brokerages are typically interviewed by agents, it is the agents who compete for a spot at H&E because of its reputation, track record, and affable, hard-working agents. Huntington & Ellis interviews its applicants to ensure they are serious, experienced go-getters. Once onboarded, agents can expect quality connections and ambitious colleagues, and as such, clients can expect quality service. Armed with a staff of marketing professionals, the company also produces a library of print and digital collateral for agents to market their listings and sales, including blog posts, buyer's guides, relocation guides, luxury listing booklets, graphics, and quality professional photography and videography.

Huntington & Ellis has even produced a documentary on days in the life of its agents, the H&E Chronicles, which has acquired traction online. While serious about their work, its agents also like to show their personalities and have a good laugh. According to a member of its staff: "I knew I wanted to work here when I saw how professional H&E presents itself, but what really sold me on working here was the H&E Chronicles. Because I knew I would be working with genuine people with a sense of humor."

Operations Manager Mindy Cook says, "I have been in real estate for many years, and it is such a rare sight to see a brokerage where everyone is hard-working, everyone is kind, everyone is genuine, and everyone is there to just do good work."

Broker-owner Tann is celebrating the honor but still sees potential for the company to do even more, and quoted saying, "We are extremely excited, proud, and grateful for the efforts of everyone who played a part in this distinguished achievement. It only shows the potential Huntington & Ellis has for further growth and success in providing first class service to our community."
