PCEX Member Introduces Franchise Business Model in Indian Crypto Market

New Delhi, Aug 18, 2020 ([Issuewire.com](https://www.issuewire.com)) - PCEX Member, a leading B2B cryptocurrency exchange in India has introduced its unique Franchise Business Model for businesses and individuals having a zeal to set up a successful investment business in the revolutionary financial market. This is another initiative by PCEX Member to drive the adoption of cryptocurrency as an investment option in India.

After the introduction of the Franchise Business Model, PCEX Member becomes India's first cryptocurrency exchange that runs on a B2B business model and offers membership to businesses and individuals to start their own successful crypto business.

With the new Franchise Model, PCEX Member will provide business partners with a global market exposure with access to its fully operational cryptocurrency exchange.

"Partnership firms, limited liability firms, corporate bodies, or individuals anyone can be the part of our Franchise Business Model as a Master Franchise, Franchise, and Freelancer and get access to India's fastest and secure trading platform while enjoying up to 60% revenue share," said Mr. Sandeep Phogat, CEO & Founder of PCEX Member.

The potential business partners could also create their own network of clients or could utilize PCEX Member's existing network of clients to start making money in the growing cryptocurrency market, he

further added. Apart from this, at PCEX Member, we will also handle KYC, will provide lead mapping support along with 24/ back-office support to help partners in running their business optimally.

Currently, PCEX Member has more than 250+ franchisees and 40+ satellite offices all around India. Businesses and individuals looking for taking our membership should have to qualify certain criteria to start their own cryptocurrency business in the Indian cryptocurrency market.

“Our goal is to bring 130 billion Indians in the cryptocurrency market and partnering up with businesses and individuals who have an interest in this market will surely help in achieving success in this direction. It’s an appealing business model that not only helps clients in exploring a profitable investment opportunity but also helps partners in achieving success in the futuristic financial market”, said Mr. Phogat.
